1. **Introduction**

Keeping in view the technological progress in payment and settlement systems and the qualitative changes in operational systems and processes that have been undertaken by a number of banks, the Reserve Bank of India had, with effect from 1st November 2004, withdrawn its earlier instructions to commercial banks on (i) Immediate Credit of local/outstation cheques, (ii) Time Frame for Collection of Local / Outstation Instruments and (iii) Interest Payment for Delayed Collection. The withdrawal of these mandatory guidelines was expected to enable market forces of competition to come into play to improve efficiencies in collection of cheques and other instruments. This collection policy of the Bank is a reflection of our on-going efforts to provide better service to our customers and set higher standards for performance. The policy is based on principles of transparency and fairness in the treatment of customers. The bank is committed to increased use of technology to provide quick collection services to its customers. This policy document covers the following aspects:

- Collection of cheques and other instruments payable locally, at centres within India and abroad.
- Our commitment regarding time norms for collection of instruments.
- Policy on payment of interest in cases where the bank fails to meet time norms for realization of proceeds of outstation instruments.
- Our policy on dealing with collection instruments lost in transit.

2. **Arrangements for Collection:**

2.1. **Local Cheques**

All cheques and other Negotiable Instruments payable locally would be presented through the clearing system prevailing at the centre. Cheques deposited at branch counters and in collection boxes within the branch premises would be presented for clearing on the same day, if presented upto one hour of commencement of branch business. Cheques deposited after the cut-off time and in collection boxes outside the branch premises including off-site ATMs will be presented in the next clearing cycle. However specific cut off timings would be displayed at individual

branches depending on the clearing timings at each of the locations. As a policy, bank would give credit to the customer account on the same day clearing settlement takes place. Withdrawal of amounts so credited would be permitted as per the cheque return schedule of the clearinghouse.

Bank branches situated at centres where no clearing house exists, would present local cheques on drawee banks across the counter and it would be the bank's endeavour to credit the proceeds at the earliest.

2.1.a Speed Clearing

Outstation cheques, including DD/BC drawn on banks participating in speed clearing at specified locations will be collected and treated at par with local cheques. All terms and conditions applicable for local clearing instruments will also apply to speed clearing.

2.2. Outstation Cheques

Cheques drawn on other banks at outstation centres other than those covered 2.1a above, will normally be collected through bank's branches at those centres. Where the bank does not have a branch of its own, the instrument would be directly sent for collection to the drawee bank or collected through a correspondent bank. The bank would also use the National Clearing services offered by the Reserve Bank of India at centres where such collection services exist.

Cheques drawn on bank's own branches at outstation centres will be collected using the inter-branch arrangements in vogue. Branches which are connected through a centralized processing arrangement and are offering anywhere banking services to its customers will provide same day credit to its customers in respect of outstation instruments deposited prior to the cut-off time and drawn on any of its branches in the CBS network.

2.3 Cheques payable in Foreign Countries
