

Power demand shows signs of recovery in early September

FE BUREAU
New Delhi, September 17

POWER CONSUMPTION IN the first half of September recorded a positive growth on a year-on-year (y-o-y) basis, signalling a gradual recovery of industrial and commercial activities. The 53.2 billion units (BUs) of electricity supplied in the first 14 days of the month was 0.9% higher than the corresponding period last year, Union power minister RK Singh informed Parliament on Thursday.

If this trend sustains throughout the month, September will be the first month in the ongoing fiscal to post a positive growth rate in terms of power consumption. In the first five months of the fiscal, power demand has fallen 10.9%

annually to 513.6 BU.

Electricity consumption in the country fell 1.6% y-o-y to 109.7 BU in August, which was even 2.2% lower than July with the monsoon reducing domestic home-cooling demand. Lower power demand is due to muted industrial and commercial activities amid sporadic lockdowns imposed across the country to contain the coronavirus outbreak. Muted power demand growth

can be symptomatic of the industrial slump prevailing much before the onset of the coronavirus disruptions.

Lower electricity volumes consumed by highly industrialised states like Gujarat, Maharashtra and Tamil Nadu in FY20 had dragged down the country's annual demand growth to a six-year low of 1.3%. In August, power demand in states like Gujarat, Maharashtra, Tamil Nadu and West Bengal — where industrial and commercial consumers comprise more than 40% of electricity usage — were lower by 3.4%, 6.2%, 5.6% and 10.9%, respectively. However, states such as Rajasthan and Madhya Pradesh — where agricultural power consumption is high — recorded annual increases of 9% and 6.4%, respectively.

Govt to shut 32 power units for not meeting emission deadlines

FE BUREAU
New Delhi, September 17

THE GOVERNMENT HAS identified 32 units in 12 power plants in the country, with a combined capacity of about 5,019 megawatt (MW), which will have to be shut down as they have not submitted any plan to adhere to the prescribed emission control norms.

These units are more than 20 years old, and the bulk of them are run by state governments, while some are operated by Central government-owned Damodar Valley Corporation (Bokaro and Durgapur) and private company CESC (Titagarh). "These plants would be shut down or retired as per phasing out plan and timelines are given by the Central Pollution Control Board and Ministry of Environment, Forest and Climate Change," Union power minister RK Singh informed

Shutting down these units is not expected to have any major power supply disruptions as the current installed generation capacity is nearly double the demand level

the parliament on Thursday. Shutting down these units is not expected to have any major power supply disruptions as the current installed generation capacity is nearly double the demand level. Nearly 60,000 MW of thermal and 12,000 MW of hydro plants are currently under stages of construction. Currently, coal-based power plants across the country are in the process of installing and upgrading equipment to meet its international environmental commitments.

BharatNet's Phase 2 completion timeline to be extended: Dhotre

PRESS TRUST OF INDIA
New Delhi, September 17

THE TIMELINE FOR the second phase of BharatNet project, earlier slated to be completed by August 2021, will now be extended as its pace was affected by the lockdown and movement curbs imposed by various governments due to Covid-19, the Rajya Sabha was informed on Thursday.

As on September 1, 2020, close to 23,133 Gram Panchayats (including block headquarters) have been made service ready, and 1.47 lakh km of optical fibre cable has been laid under BharatNet phase-2, Minister of State for Communications Sanjay Dhotre said in a written reply in the Rajya Sabha.

"The BharatNet phase-II project was envisaged to be

'India's electronic component imports for 2019-20 stand at ₹1.15 lakh crore'

THE COUNTRY IMPORTED electronic components worth ₹1.15 lakh crore in 2019-20, out of which, 37% came from China, Minister of State for Communications and Electronics and IT Sanjay Dhotre said on Thursday. The data was shared by the minister on the impact on the electronics sector due to shutting down of factories in

China. "As per data available from the Directorate General of Commercial Intelligence and Statistics, the total electronic component imports in the country in FY 2019-20 was ₹1,15,558 crore, out of which the import from China was ₹42,983 crore, which amounts to about 37%," Dhotre said in a written reply to the Rajya Sabha. —PTI

India ranks 116th in World Bank's human capital index

INDIA HAS BEEN ranked at the 116th position in the latest edition of the World Bank's annual Human Capital Index that benchmarks key components of human capital across countries.

However, India's score increased to 0.49 from 0.44 in 2018, as per the Human Capital Index report released by the World Bank on Wednesday.

The 2020 Human Capital Index update includes health and education data for 174 countries — covering 98% of the world's population — up to March 2020, providing a pre-pandemic baseline on the health and education of children. The analysis shows that pre-pandemic, most countries had made steady progress in building human capital of children, with the biggest strides made in low-income countries.

DMRC suffered ₹1,609-cr loss over Metro closure

PRESS TRUST OF INDIA
New Delhi, September 17

THE DELHI METRO Rail Corporation (DMRC) suffered a loss of around ₹1,609 crore due to the closure of metro services in view of the Covid-19 pandemic, Union Housing and Urban Affairs Minister Hardeep Singh Puri told Lok Sabha on Thursday.

Delhi Metro services, which were shut on March 22 to contain the spread of novel coronavirus, resumed on September 7 in a phased manner. Full-fledged normal operations resumed on September 12.

"DMRC has informed that loss of revenue due to closure of metro services in view of Covid-19 pandemic is around ₹1,609 crores," Puri said in a written reply to a question.

During the lockdown period, he said, preparatory work like detailed designing, preparation of tender schedule and finalisation of tenders,

among other things, had been carried out by the DMRC.

Puri said the DMRC has informed that payments towards its loan have been made as per schedule.

Responding to another question about the government's strategy to mitigate the effect of losses incurred by the DMRC, Puri said measures to enhance revenue through various innovative means like provisioning of feeder system, property development at stations and on other land, leasing of spaces, Transit Oriented Development and Value Capture Finance are enumerated in the Metro Rail Policy, 2017.

Petrol demand returns to pre-Covid levels, diesel still down

PRESS TRUST OF INDIA
New Delhi, September 17

INDIA'S PETROL SALES rose for the first time in the first half of September since the country's lockdown in late March, signalling demand may have returned to pre-Covid-19 levels.

Petrol sales between September 1 and 15 rose 2.2% year-

on-year and were up 7% over the previous month, according to preliminary industry data.

Diesel sales continue to be in negative territory, with demand falling 6% year-on-year. But the demand was 19.3% higher over August 2020. This is the first time that petrol sales in the world's third-largest oil importer have risen since the

March 25 nationwide lockdown crippled economic activity and

sent demand plummeting. Petrol sales rose to 9,65,000 tonnes during the first half of September as compared to 9,45,000 tonnes in the same period a year back and 9,00,000 tonnes during August 1-15, 2020. Petrol sales have picked up as commuters are increasingly preferring to personal transport to public transport.

The September rise in petrol is a turnaround from the sharp drop witnessed in August. Diesel and petrol sales have fallen by 21% and 7.4%, respectively in August from a year earlier. Jet fuel sales at 1,25,000 tonnes were down 60% in the first half of September but was 15% higher than 1,03,000 tonnes sales in August.

HC declines to entertain Deepak Kochhar's private hospital plea

PRESS TRUST OF INDIA
New Delhi, September 17

THE DELHI HIGH COURT on Thursday declined to entertain the plea of Deepak Virendra Kochhar seeking to be transferred to a private hospital here or in Gurugram for treatment as he has tested positive for Covid-19 and suffers from other ailments.

Kochhar, presently admitted at the National Cancer Institute (NCI) run by AIIMS at

Jhajjar in Haryana, wanted to be shifted to Medanta Hospital in Gurugram or Max Hospital or Sir Gangaram Hospital here or any other private hospital in a private ward at his expense.

Justice A J Bhambhani declined to entertain the matter, saying that Kochhar was presently in the judicial custody of a special PMLA court in Mumbai and therefore, the high court cannot shuffle him from one place to another.

Mitra: Political muscle being flexed to make states agree to GST options

PRESS TRUST OF INDIA
Kolkata, September 17

HITTING OUT AT the Centre over the GST compensation issue, West Bengal Finance Minister Amit Mitra alleged that political muscle was being flexed to make the states agree to the options offered to meet the revenue shortfall.

If the two options made available by the Centre are forced through with a majority vote at the next GST Council meeting, "it will be a historic mistake for India", Mitra said.

The Centre has presented two options to the states under which they can borrow from the market to make up for the estimated deficit of ₹2.35 lakh crore this fiscal. After the 41st meeting of the GST Council on August 27, Union finance min-

HP's GST share of ₹1,628 crore for Apr-Jul pending

HIMACHAL PRADESH'S GST share of ₹1,628 crore is pending with the central government, Chief Minister Jai Ram Thakur said on Thursday. He informed the state Assembly that ₹1,628 crore of state's GST share for first four months from April to July of the current fiscal 2020-21 is pending with the Centre. —PTI

five hours of discussion in the GST Council, no options were discussed. All of a sudden at the end of the meeting, two options were placed and the meeting ends. In other words, you are forcing the states into two options rather than three or four options. We felt there was a third option but nobody was there to listen," Mitra said in an interview to news website *The Wire* recently. "Now, political muscle is being used what I would call muscular majoritarianism to get to states agree to one or two of the options. I cannot reveal whether we will go to court as a strategy," he added.

Mitra said the Centre's move would challenge the very foundation of GST, and if the GST Council becomes a divided house, "the federalist spirit will breakdown".

ED files charge sheet against leader Shabir Shah's wife Bilquis

THE ENFORCEMENT DIRECTORATE (ED) has made Kashmiri separatist leader Shabir Shah's wife Bilquis Shah an accused in a 2005 money laundering case against him and reported hawala dealer Mohammad Aslam Wani for alleged terror financing to cause unrest in J&K. The probe agency named her as an accused in its supplementary charge sheet filed in the case on Wednesday.

Additional Sessions Judge Dharmender Rana will take up

the matter on November 10.

In the charge sheet filed by ED's special public prosecutors N K Matta and Rajeev Awasthi, the probe agency said that Bilquis Shah, along with Shabir Shah had received ₹2.08 crore from Aslam Wani.

It said the claim was based on Wani's disclosure in the case, where he admitted that "all amounts were in cash and were handed over to Shabir Ahmad Shah and on three occasions to Dr. Bilquis Shah". —PTI

Air India's net loss stands at around ₹2,570 crore in Q1 of 2020-21: Puri

PRESS TRUST OF INDIA
New Delhi, September 17

AIR INDIA HAS incurred a net loss of about ₹2,570 crore in the first quarter of 2020-21 as compared to a net loss of ₹785 crore sustained in the corresponding period a year ago, Civil Aviation Minister Hardeep Singh Puri said on Thursday.

An amount of ₹1,000 crore as loan to Air India has also been provided in the current finan-

cial year, Puri stated. "Air India Limited has been suffering continuous losses. The Covid-19 pandemic along with its related impact on aviation industry has further worsened the financial

position of the company," Puri said in a written reply to a question in the Lok Sabha.

"The net loss in quarter 1 of FY20-21 is about ₹2,570 crore as compared to loss of ₹785 crore in quarter 1 of FY19-20," he mentioned. In a written reply to another question in the Lok Sabha, Puri said the airline has discontinued the post-retirement contracts of 61 retired pilots in view of the company's financial condition.

IDBI Bank Ltd.

Near LG Showroom, Opp. Satyam Cinema, N.H.-24 Ward No. 32, Moradabad-244001, Uttar Pradesh
