Kant further said Prime Minister Narendra Modi's vision of Ease of Living for citizens of India will be the government's focus. "India's business climate has been continuously improved, not for the World Bank's Index (Ease of Doing Business) sake but to make India easy and simple.

"All of us in the government will continue to work tirelessly to ensure efficient and effective norms for MSMEs, businesses, startups & entrepreneurs and make India one of the easiest countries to invest and create wealth," he told PTI.

Kant was commenting on the World Bank's decision to pause the publication of its Doing Business Report following a number of irregularities in reporting of data based on which countries were ranked with regard to business climate.

"A number of irregularities have been reported regarding changes to the data in the Doing Business 2018 and Doing Business 2020 reports, published in October 2017 and 2019. The changes in the data were inconsistent with the Doing Business methodology," the World Bank said in a statement on Thursday.

In 2018/19, these countries implemented one-fifth of all the reforms recorded worldwide.
