Net Profit after tax carried to Balance Sheet	1,16,022.92	97,328.70

DIVIDEND

With a view to conserve the Company's resources, the Directors do not recommend any Dividend (Previous Year: Nil).

DEBENTURES

Pursuant to various circulars issued by the Securities and Exchange Board of India (SEBI) and the Reserve Bank of India (RBI) from time to time, the Company continues to issue secured non-convertible debentures on private placement basis and list all non-convertible debentures issued, on BSE Limited under Information Memorandums issued by the Company from time to time. The Company has appointed IDBI Trusteeship Services Limited as Debenture Trustees to the issues. The contact details of the Debenture Trustees are:

IDBI Trusteeship Services Limited

Asian Building, Ground Floor, 17 R. Kamani Marg, Ballard Estate, Mumbai - 400 001

Contact No.: 022 – 40807050; 022 - 40807021

Email: jimit@idbitrustee.com

Website: www.idbitrustee.com

CAPITAL ADEQUACY

The Capital to Risk Assets Ratio (CRAR) of the Company as on 31st March, 2020 was at 28.73 % (Tier I – 24.97%).

CREDIT RATING

The Company's short-term borrowing program from CRISIL Limited and ICRA Limited is rated "A1+". Further, the long-term secured borrowing program is rated "AAA/Stable" by CRISIL Limited.

The Company's Market Linked Debentures program is rated 'CRISIL PP-MLD AAAr/Stable' by CRISIL Limited.

Also, the Company's Tier II borrowing program is rated "AAA/Stable" by CRISIL Limited & ICRA Limited.

A1+ indicates highest-credit-quality rating and AAA indicates high-credit-quality rating with stable outlook assigned by ICRA and CRISIL. Instruments with these ratings are considered to have high degree of safety regarding timely servicing of financial obligations and such instruments carry very low credit risk.

FINANCE

During the year, the Company witnessed a decline in Balance Sheet, primarily on account of reduction in Loan against Shares (LAS) business pursuant to the instructions received in Jun 2019 from the Reserve Bank of India to stop this business. The funding requirement was met through various instruments such as Non-Convertible Debentures (NCDs), Commercial papers (CPs), Inter-corporate deposits (ICDs), etc. The Company has been continuously diversifying its funding sources and has a pool of lenders comprising of Mutual Funds, Insurance Companies, Banks and Corporates. As on 31st March, 2020, the Company has adequate capital, healthy debt to equity ratio and positive liquidity gap in short term. The Company, with its strong treasury philosophies, practices and diversified borrowing profile, comfortably managed its liquidity requirements through liquidity crisis which dogged the NBFC sector through the year and is well geared to meet any such challenges in future.

MANAGEMENT DISCUSSION AND ANALYSIS

Company Business

The Company is primarily into lending business comprising of lending to real estate sector, lending against securities, and providing structured finance to corporates, apart from holding certain some strategic investments of the Kotak Group.

Real Estate & Structured Finance team offers one of the most trusted and dedicated platform in the country with expertise across all key asset classes. From structuring complex transactions to broadening the access to capital, our comprehensive financing and expert execution have made us a leading choice for Corporates, Real Estate Developers, Sponsors, PE & RE Funds and other structured finance players and investors for over a decade. It is well positioned to harness opportunities that may become available in the current economic environment. The Company endeavours to adopt the best practices and ensures highest standards of Corporate Governance through, ethical and transparent governance practices.

During the financial year, customer financial assets declined by about 36% to ₹6,002 crore as of March 2020 vis-à-vis ₹9,376 crore as of March 2019. Profit after tax for the year is ₹241.4 crore vis-a-vis ₹200.6 crore for previous year and Total Comprehensive Income for the year is ₹240.9 crore vis-à-vis ₹195.6 crore for previous year. Gross Stage 3 and Stage 2 ratio to overall customer financial assets were at 1.25% (0.44% in FY19) and 10.83% (9.54% in FY19) respectively as of March 2020.

Industry Developments & Outlook

The lending activities of the Company are primarily focused on the Real Estate Sector, Large Corporates (both operating and holding companies) and Capital Markets.

Real Estate:

Some clear industry wide trends were visible in FY 2019-2020; continuing consolidation in the residential space, all time high leasing of commercial office space (exceeding its previous high of FY20), the NBFC crisis severely impacting liquidity to the sector which started looking worse by Mar-20 due to the Credit Mutual Funds starting to withdraw from this space.

Declining demand in the residential space was more than matched by significantly lower new launches, thereby reducing inventory. Residential space, the largest segment of the India RE market, continued to struggle under tight liquidity conditions, decline in prices and slow offtake. The consolidation theme is now visible in this traditionally fragmented segment, with select regional players gaining share in their respective market. With a few exceptions, there are no pan India players in this segment.

The commercial office space demand continued to grow especially in the traditional centres such as Bangalore, Hyderabad and Gurgaon. The top 10 players continued to consolidate their hold on this market. With vacancy declining in most market, rental continued their rise.

Other segments such as retail and hotels also did well in the year.

Despite all the challenges, select developers especially those who have been financially prudent, have kept their commitment to customers and focused on the right products & delivering projects have thrived across cities and have also consolidated the market. Your company saw some gains coming this year given the focus on building relationships with such players over the last few quarters and also being able to buy loans from NBFCs which were facing liquidity challenges. We expect traction on this front to sustain in FY 2020-2021.

With the COVID 19 bringing the entire industry to a complete halt in Apr – May 2020, the industry faces a serious challenge. While, industry experts are making various forecasts with respect to price correction and sales velocity, the Jun – Sep 2020 months shall be critical to making an assessment of the likely customer behaviour and its near term impact on the cash flows. The RBI's COVID moratorium has come a relief to the industry and hope is that business will see some revival by the time the moratorium period ends.

The coming year will provide both, challenging (given COVID) and opportunities (given your Company's access to liquidity). Our Non Performing Assets (Stage III assets) remained under control at 1.39% of customer assets and we believe that our portfolio remains stable. However, COVID has brought us into uncharted waters, hence your Company has to exercise caution and stay focused on closely monitoring the existing portfolio to ensure a strong portfolio and evade troubles during the year.

Capital Markets / Structured Debt:

Given the NBFC crisis impacting competition, your company was well placed to in FY 2019-2020 to take advantage of the market opportunities. However, the Reserve Bank of India letter dated 12th Jun 2019 asking us to stop the LAS business meant that we had to course correct midway. Over the course of FY 2019-2020, our LAS & Overdraft book dropped from INR 4,533crore as at 31-Mar-19 to INR 1,495 crore as at 31-Mar-2020.

The last quarter of FY 2019-2020 was arguably among the most volatile times in the Indian stock market with indices dropping more than 38% in less than 40 days. This severely put to test our internal controls and processes as a part of this fall happened at a time when we were under BCP in the lockdown period. Despite the volatile conditions, your Company was able to successfully manage the portfolio incl. margin calls without any loss which is a testament to our strong process and capable people. Though we have emerged unscathed through these testing times, we will not let down our guard.

As we moved in FY 2020-2021, the Company is looking beyond the LAS product by expanding its product range to cash flow backed financing, providing structured solutions with returns commensurate to risks being underwritten. We believe market has clearly distinguished between the stronger and weaker NBFCs, with liquidity now being available in required quantities only to the former. Your company is in a strong position in such an environment and is well placed to seize the opportunities that become available.

Opportunities & Threats

Your Company will have ample opportunities in the current year for to grow both in market share as well as book size in the lending business due to a number of other NBFCs slowing down because of a combination of credit and liquidity issues. However, we have to tread carefully in view of the unfolding COVID-19 pandemic situation prevailing in the nation. We are and we shall remain conservative till we have clarity on what the post COVID scenario shall bring. In the post lockdown area, we are closely monitoring the economic activity specifically in our focus areas and we remain confident of capturing the opportunity for financing in the structured space, real estate financing and selective sponsor financing, etc.

Key challenges going forward are (i) increasing credit risk (ii) liquidity challenges for NBFCs driven by higher risk perception of their portfolio; (iii) likely regulatory changes by RBI for the NBFCs and and SEBI on Mutual Fund's exposure to NBFCs (iv) Global macroeconomic developments bringing uncertainties to Indian economy.

Internal Controls

The Company has an internal control system, commensurate with the size, scale and complexity of its operations. The scope and authority of the Internal Audit function is defined in Internal Audit Charter. The Internal Audit department of the holding company Kotak Mahindra Bank Limited, regularly conducts a review to assess the financial and operating controls. Significant audit observations and corrective actions thereon are presented to the Audit Committee and periodically reviewed by the Board of Directors.

Human Resources

The Company is professionally managed & it follows open, transparent & meritocratic policy to nurture human resources. Human resources function is managed by the Group Human Resources team of its holding company, Kotak Mahindra Bank Limited. It encourages and facilitates long term careers with the Company and engaged workforce is a high priority for us, as we recognize people as our most valuable asset.

Information Technology

The Company has migrated to new loan management system (LMS) with built in Business Rule Engine and capability to handle structured loan products enabling Company to offer tailor made repayment schedule matching customer cash flow. The modular nature of the system supports efficiency in operations coupled with strong systems and operational controls. The Company closely monitors information security related issues and constantly endeavors to upgrade and fully utilize its IT assets to further its business.

Cautionary Note

Certain statements in the 'Management Discussion and Analysis' section may be forward-looking and are stated as may be required by applicable laws and regulations. Many factors may affect the actual results, which could be different from what the Directors envisage in terms of future performance and outlook. Your Company does not undertake to update these statements.

DIRECTORS & KEY MANAGERIAL PERSONNEL**Director retiring by rotation**

Mr. Uday Kotak (DIN: 00007467), retires by rotation at the Thirty-second Annual General Meeting and being eligible, has offered himself for re-appointment.

Change in Directors

As indicated in last year's Annual Report, Mr. Paritosh Kashyap resigned as a Managing Director & CEO of the Company with effect from 1st May, 2019. However, Mr. Kashyap continues to be a Non-Executive Director on the Board of the Company.

Re-appointment of Independent Director

The Board of Directors based on the recommendation of the Nomination & Remuneration Committee and the results of the performance evaluation, re-appointed Ms. Padmini Khare Kaicker (DIN 00296388) as an Independent Director of the Company for second term from 17th August, 2020 till 16th August, 2025, subject to the necessary approval from the shareholders. Accordingly, approval of the shareholders for re-appointment of Ms. Padmini through special resolution is being sought at the ensuing Annual General Meeting of the Company.

Ms. Padmini Khare Kaicker, BSc, FCA & CPA, aged 55 years is the Managing Partner of M/s. B K Khare & Co., Chartered Accountants, one of the largest and reputed Indian Accounting Firms serving the profession for almost five decades. She has over 22 years' experience in auditing large Indian organizations and multinational companies operating in India across a cross section of industries including oil & gas, banking & financial services, insurance, automotives, information technology and capital goods.

Declaration from Independent Directors

The Board has received declarations from the Independent Directors as per the requirement of Section 149(7) of the Companies Act, 2013 and the Board is satisfied that the Independent Directors meet the criteria of independence as mentioned in Section 149(6) of the Companies Act, 2013.

Board Evaluation

The Nomination and Remuneration Committee of the Company's Board has formulated the criteria for performance evaluation of the Directors and the Board as a whole. The criteria formulated broadly covers the Board role, Board/Committee membership, practice & procedure and collaborative approach.

A Board effectiveness assessment questionnaire has been designed for the performance evaluation of the Board, its Committees, Chairman and individual directors. In accordance with the criteria set and covering various aspects of performance including but not limited to structure of the board, meetings of the board, functions of the board, role and responsibilities of the board, governance and compliance, evaluation of risks, grievance redressal for investors, conflict of interest, relationship among directors, director competency, board procedures, processes, functioning and effectiveness was circulated to all the directors of the Company for the annual performance evaluation.

Based on the assessment of the responses received to the questionnaire from the directors on the annual evaluation of the Board, its Committees, the Chairman and the individual Directors, a summary of the Board Evaluation was placed before the meeting of the Independent Directors for consideration. Similarly, the Board at its meeting assessed the performance of the Independent Directors. The Directors were satisfied with the results of the performance evaluation of the Board & its Committees, Chairman and individual directors.

Change in Key Managerial Personnel (KMPs)

Consequent to the resignation of Mr. Paritosh Kashyap as a Managing Director & CEO of the Company, the Board of Directors of the Company, at its meeting held on 24th April, 2019, based on the recommendation of the Nomination & Remuneration Committee, appointed Mr. Amit Bagri as a Chief Executive Officer of the Company with effect from 1st May, 2019.

In terms of the provisions of Section 203 of the Companies Act, 2013, Mr. Amit Bagri, Chief Executive Officer, Mr. Deepak Goel, Chief Financial Officer and Mr. Jignesh Dave, Company Secretary, are the Key Managerial Personnel of the Company.

Appointment & Remuneration of Directors and KMPs

The Nomination and Remuneration Committee of the Board of Directors of the Company has formulated criteria for appointment of Senior Management Personnel and the Directors. Based on the criteria set it recommends to the Board the appointment of Directors and Senior Management Personnel. The Committee considers the qualifications, experience, fit & proper status, positive attributes as per the suitability of the role and independent status and various regulatory/statutory requirements as may be required of the candidate before such appointment.

The Board has adopted a Remuneration Policy for the Whole-time Directors, Chief Executive Officer and other employees of the Company. The Policy is in line with the Compensation Policy of Kotak Mahindra Bank Ltd., its holding company, which is based on the Guidelines issued by Reserve Bank of India. The salient features of the Remuneration Policy are as follows:

- Objective is to maintain fair, consistent and equitable compensation practices in alignment with Kotak's core values and strategic business goals.
- Applicable to all employees of the Company. Employees classified into 3 groups:
 - o Whole-time Directors/Chief Executive Officer
 - o Risk, Operations & Support Staff
 - o Other categories of Staff

- Compensation structure broadly divided into Fixed, Variable and ESOPs
 - o Fixed Pay – Total cost to the Company i.e. Salary, Retirals and Other Benefits.
 - o Variable Pay – Linked to assessment of performance and potential based on Balanced Key Result Areas (KRAs), Standards of Performance and achievement of targets with overall linkage to Bank budgets and business objectives. The main form of incentive compensation includes – Cash, Deferred Cash/Incentive Plan and Stock Appreciation Rights.
 - o ESOPs – Granted on a discretionary basis to employee based on their performance and potential with the objective of retaining the employee.
- Compensation Composition – The ratio of Variable Pay to Fixed Pay and the ratio of Cash v/s Non Cash within Variable pay outlined for each category of employee classification.
- Any variation in the Policy to be with approval of the Nomination & Remuneration Committee.
- Malus and Clawback clauses applicable on Deferred Variable Pay.

Based on the recommendation of the Nomination & Remuneration Committee, the Board of Directors have adopted a compensation policy for the Independent Directors (IDs) of the Company. The salient features of the Compensation Policy are as follows:

- Compensation structure broadly divided into:
 - o Sitting fees
 - o Re-imbusement of expenses
 - o Commission (profit based)
- Amount of sitting fees and commission to be decided by the Board from time to time, subject to the regulatory limits.
- Independent Directors are not eligible for any stock options of Kotak Mahindra Bank Ltd., the Company's holding company.

Remuneration to the KMPs i.e. Chief Executive Officer, Chief Financial Officer and the Company Secretary, is as per the terms of their employment.

Number of Board Meetings

During the year, eleven meetings of the Board of Directors were held.

Your Company's CSR Committee drives the CSR programme of the Company. Your Company has a Board approved CSR policy, charting out its CSR approach. This policy articulates the Company's aim to positively contribute towards economic, environmental and social well-being of communities through its CSR interventions. The core CSR focus areas outlined are:

- Education
- Vocational skills and livelihood
- Preventive healthcare and sanitation
- Reducing inequalities faced by socially and economically backward groups
- Sustainable development
- Relief and rehabilitation
- Clean India
- Sports

The Company's CSR Policy is available on the Company's website viz. URL: <http://www.kmil.co.in/policies.html>

Pursuant to the provisions of Section 135, Schedule VII of the Companies Act, 2013 (the Act), read with the Companies (Corporate Social Responsibility) Rules, 2014 the report of the expenditure on CSR by the Company is as under:

The average net profit u/s 198 of the Company for the last three financial years preceding 31st March, 2020 is ₹296.40crore.

The prescribed CSR expenditure required u/s 135, of the Act for FY 2019-20 is ₹ 592.80 lakh.

The CSR expenditure incurred from 1st April, 2019 to 31st March, 2020 u/s 135 of Companies Act, 2013 amounts to ₹311 lakh as against ₹ 246 lakh CSR expenditure incurred in the FY 2018-19. The unspent CSR expenditure amount for FY 2019-20 is ₹281.80 lakh.

CSR expenditure of ₹311 lakh as a percentage of average net profit u/s 198 of the Company at ₹296.40 crore, which is 1.050%.

The Company's budget in CSR focussed sectors and programmes are approved by the CSR Committee and the Board. The Company's CSR budget is guided by the vision of creating long-term benefits for the society. The Company has been building its CSR capabilities on a sustainable basis and is committed to gradually increasing its CSR spending in the coming year for its long-term projects. The Company identifies suitable NGO partners for carrying out its CSR programmes. It undertakes CSR programmes that are scalable, sustainable and have the potential to be replicated across locations and create a sustainable and measurable impact in communities.

Most of the CSR programmes undertaken are in the area of education, livelihood and vocational skill development. The Company's CSR footprint has been consistently increasing over the years. The Company is committed to stepping-up its CSR programmes and expenditure in the years ahead.

The Company's CSR expenditure in FY 2019-20 of ₹311 lakh, which is over 26% higher than the previous financial year. In FY 2017-18, the Company's CSR Expenditure was ₹40 lakh, which increased to ₹246 lakh in FY 2018-19 – an increase of over 5 times over the previous financial year.

Your Company does not consider "administrative overheads" as a part of its CSR expenditure.

The details of CSR programmes and expenditure u/s 135 of the Companies Act, 2013 for FY 2019-20, are annexed to this report.

RISK MANAGEMENT POLICY

Your Company manages risk based on Risk Management framework which lays down guidelines in identifying, assessing and managing risks that the entity is exposed to. DIRECTORS' RESPONSIBILITY STATEMENT

The Directors, based on the representations received from the management, confirm in pursuance of Section 134(5) of the Companies Act, 2013 that:

- i) the Company has, in the preparation of the annual accounts, followed the applicable accounting standards along with proper explanations relating to material departures, if any;
- ii) the Directors have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company as at 31st March, 2020 and of the profit of the Company for the financial year ended 31st March, 2020;
- iii) the Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
- iv) the Directors have prepared the annual accounts on a going concern basis;
- v) the Directors have laid down internal financial controls to be followed by the Company and that such internal financial controls are adequate and were operating effectively;
- vi) The Directors have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems are adequate and operating effectively.

ANNEXURES

Following statements/reports are set out as Annexures to the Directors' Report:

- (a) Extract of Annual Return under Section 134(3)(a) of the Companies Act, 2013 read with Rule 12(1) of Companies (Management & Administration) Rules, 2014 (Annexure – A).

FORM NO. MR-3**SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2020**

(Pursuant to Section 204 (1) of the Companies Act, 2013 and rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014)

To,
The Members,

KOTAK MAHINDRA INVESTMENTS LIMITED

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **KOTAK MAHINDRA INVESTMENTS LIMITED** (hereinafter called the "**Company**"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the **Company's** books, papers, minute books, forms and returns filed and other records maintained by the Company, to the extent the information provided by the Company, its officers, agents and authorised representatives during the conduct of secretarial audit, the explanations and clarifications given to us and the representations made by the Management, and considering the relaxations granted by the Ministry of Corporate Affairs and Securities and Exchange Board of India warranted due to the spread of the COVID-19 pandemic, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2020 generally complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records made available to us and maintained by the Company for the financial year ended on 31st March, 2020 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contract (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'), as amended from time to time:
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 and amendments from time to time;
 - (d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014; (Not applicable to the Company during the audit period)
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client; (Not applicable to the Company during the audit period)
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; (Not applicable to the Company during the audit period) and
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018; (Not applicable to the Company during the audit period)
- (vi) Other laws specifically applicable to the Company, namely:
 - a. All the Rules, Regulations, Directions, Guidelines and Circulars applicable to Non Banking Financial Companies under the RBI Act, 1934
 - b. Non- Banking Financial Company – Systematically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank Directions, 2016)

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India with respect to board and general meetings.
- (ii) The Listing Agreement entered into by the Company with National Stock Exchange of India Limited and BSE Limited with respect to Non Convertible Debentures issued by the Company read with the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards etc. mentioned above.

We further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice was given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance for meetings other than those held at shorter notice, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Decisions at the Board Meetings were taken unanimously.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period the Company had following events which had bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards etc.

- (a) Issuance of secured, redeemable, non-convertible debentures during financial year 2019-20: Rs 1758.70 crores
- (b) Redemption of secured, redeemable, non-convertible debentures during financial year 2019-20: Rs 1803.10 crores

The prescribed CSR expenditure required U/S 135, of the Act for FY 2019-20 is ₹ 5.93 Crore.

The CSR expenditure incurred for the period 1st April 2019 to 31st March 2020 under Section 135 of Companies Act, 2013 amounts to ₹ 3.11 Crore as against ₹ 2.46 Crore CSR spend for the same period in FY 2018-19. The unutilised CSR Expenditure, for FY 2019-20, from the prescribed CSR expenditure requirement U/S 135 is ₹ 2.82 Crore, and the deficit of the unutilised CSR Expenditure from the prescribed CSR expenditure amount U/S for FY 2019-20, is ₹ 2.82 Crore.

CSR expenditure of ₹ 3.11 Crore in FY 2019-20 as a percentage of average net profit U/S 198 of the Company for the last three financial years preceding 31st March, 2020 at ₹ 296.40 Crore is about 1.05%.

It's the constant endeavour of the Company to enhance its CSR capabilities by adopting a purpose driven CSR approach, focusing on sustainable and scalable programmes, spreading in focused geographies and aligning to SDGs and the national narrative.

The implementation of the CSR projects and programmes is done directly and /or through selected partner who may be either governmental agencies, NGOs and/or other institution, having a proven track record to implement cost and process efficient CSR projects and/or programmes that are scalable, sustainable, and have measurable social outcomes and impact. Also, the implementation is done through employee volunteering. The Company's CSR footprint has been consistently increasing over the years. The Company is committed to stepping-up its CSR programmes and expenditure in the years ahead. Foremost reason for underutilisation of the Company's CSR expenditure is the NGOs' inability to utilise large CSR expenditure allocated under the Company's CSR Programmes.

Education & Livelihood

Your Company has taken several initiatives in Education & Livelihood to empower young people from underprivileged background through various education and livelihood based initiatives.

Through implementation partner Pratham Education Foundation (Pratham), your Company provided vocational skill and training in the field of Construction, Electrical, Plumbing and Welding to the youth from the disadvantaged backgrounds. In FY2019-20, through partner NGO Pratham, your Company trained 1,391 youth and provided placement to more than 1,168 youth in various sector related jobs across different cities such as Latur, Kolhapur, Ahmednagar, Cuttack and Raipur in India. The long-term objective of this Programme is to provide industry training and livelihood opportunities to these youth.

Your Company through implementation partner Kotak Education Foundation (KEF) has also been working to enhance student learning outcomes and the economic & social wellbeing of the beneficiaries through various education and livelihood programmes. The NGO worked across 100 schools in 14 wards in Mumbai in FY2019-20. KEF works extensively across Mumbai to strengthen the Education system by providing training support to the leaders and teachers of the schools through its LEAD and GURU Programmes, the spoken English programme UMANG works with the children from class 6th onwards. KEF also works on the health aspects of the students by providing nutritious meals through Mid-Day Meal Programme, Kishori Sehat Abhiyan, and Eye-care. PARVARISH Programme works with the parents thereby building their capacities. UNNATI, is the skill training programme which trains youth to become either job ready or self-reliant.

Your Company does not consider "administrative overheads" as a part of its CSR expenditure.

The CSR Committee of the Board confirms that the implementation and monitoring of CSR Policy, is in compliance with CSR objectives and Policy of the Company.

The details of CSR activities and spends under Section 135 of the Companies Act, 2013 for FY 2019-20.

Sl. No	CSR project/ activity identified	Sector in which the project is covered	Area of project implementation (Name of the District / s, State / s where project / programme was undertaken)	Programme / project wise budgeted amount (₹ Lakh)	Programme / project wise actual spend during the year – Direct expenditures (₹ Lakh)	Programme / project wise actual spend during the year – Overheads (₹ Lakh)	Cumulative Expenditure upto reporting period (since FY 2014-15) (₹ Lakh)	Amount spent Direct or through implementing agency (₹ Lakh)
1	Education & Livelihood	Promoting education and employment enhancing vocation skills	Mumbai, Maharashtra Ahmednagar, Kolhapur, Latur - Maharashtra, Raipur - Chattishgarh, Cuttack - Odisha	593.0	278.1*	21.6*	662.0	Implementing Agency – 311.0

*Out of ₹ 311.0 Lakh CSR Expenditure payment made to partner NGOs by the Company under its CSR Programme on Education & Livelihood in FY 2019-20, ₹ 11.3 Lakh was unspent by the NGOs, as of 31st March, 2020. The NGOs have assured that they will utilise these unspent CSR funds towards the Company's Programmes in FY2020-21.

Independent Auditor's Report

To the Members of Kotak Mahindra Investments Limited

REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

OPINION

1. We have audited the accompanying standalone financial statements of Kotak Mahindra Investments Limited ("the Company"), which comprise the balance sheet as at March 31, 2020, and the statement of Profit and Loss (including Other Comprehensive Income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, and total comprehensive income (comprising of profit and other comprehensive income), changes in equity and its cash flows for the year then ended.

BASIS FOR OPINION

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

EMPHASIS OF MATTER

4. We draw attention to Note 1.2 E XIII to the standalone financial statements, which explains the uncertainties and the management's assessment of the financial impact, due to the country-wide lock-downs and other restrictions imposed by the Government of India and other factors impacting the Company's operation due to the COVID-19 pandemic, for which a definitive assessment of the impact in the subsequent period is highly dependent upon circumstances as they evolve. Our opinion is not modified in respect of this matter.

KEY AUDIT MATTERS

5. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter	How our audit addressed the key audit matter
<p>I. Expected Credit Loss (ECL) provision in respect of Loans (refer Note 1.4 C for accounting policy and Note 5 and 6 for ECL provision)</p> <p>As detailed in Note 5 and 6, the Company has loans and investments carried at amortized cost amounting to ₹ 546,363.98 lakhs (gross) and ₹ 50,039.54 lakhs respectively as at March 31, 2020.</p> <p>The Company holds ECL provision of ₹ 11,327.43 lakhs and ₹ 318.36 lakhs against such loans and investments respectively.</p> <p>As discussed in note 1.4 C, ECL provision has been determined in accordance with Ind AS 109 – Financial Instruments and is significant to the standalone financial statements.</p> <p>We focused on this area as determining ECL provision requires significant judgements by the management. Key areas of judgement included:</p> <ul style="list-style-type: none"> - Assumptions used in the expected credit loss provision such as the financial condition of the counterparty, probability of default, expected future cash flows, expected loss in case of default. - The identification of exposures with a significant increase in credit risk from initial recognition of loans. 	<p>We carried out following procedures in respect to ECL provision:</p> <ul style="list-style-type: none"> - held discussions with management and obtained understanding of significant assumptions like probability of default, loss given default and exposure at default used for making assessment of ECL provision. - Understood from the management and evaluated the design and tested operating effectiveness of controls in respect of significant assumptions like probability of default, loss given default and exposure at default including appropriate approvals and mathematical accuracy, which are used in making the assessment of ECL provision. - Involved auditor's expert to assess the appropriateness of the assumptions and judgement made by management used to calculate ECL provision. - Traced key data inputs used to compute the ECL provision on a sample basis to assess their accuracy and completeness. - Ensured mathematical accuracy of the ECL provision by performing recalculations on sample basis. <p>Based on above audit procedures performed, we did not note any significant exceptions to Expected Credit Loss (ECL) provision in respect of financial assets.</p>

Key audit matter	How our audit addressed the key audit matter
<p>II. Appropriateness of the recognition of Interest Income following Effective Interest Rate Approach</p> <p>Refer Note 5, 6 and 21 of the standalone financial statements.</p> <p>The Company has recognized the interest income based on effective interest rate (EIR) approach. The total interest income recognized in current year under EIR accounting is Rs. 97,322.24 lakhs.</p> <p>For computation of EIR, the Company has identified the cost and revenue (called as EIR component) which are directly attributed to the respective loan account. The Company has followed two approaches for treating the EIR component for the respective loans. In case of loans which are having revolving facility, the identified EIR component is amortised over the tenure of the loan on straight line basis and in case of fixed period loan, the EIR component is amortised on the basis of effective interest rate over the period of the loan.</p> <p>Key inputs used in the computation of EIR, in case of fixed period loan, is impacted by the management's assumptions in respect of timing of future cash outflow (i.e. disbursement of loans).</p> <p>Given the inherent subjectivity in the assumptions and the nature and extent of audit procedures involved, we determined this to be a key audit matter.</p>	<p>We carried out following procedures in respect income recognition as per EIR approach –</p> <ul style="list-style-type: none"> • Understood from the management and tested the design and operating effectiveness of the key controls surrounding the calculations of EIR and computation of interest income based on the same. • For selected samples, assessed the reasonableness of key assumptions / inputs used in assessing the customers' behavior which is used for estimating future cash out flows (i.e. disbursement of loans) in case of fixed period loan. • For selected samples, tested the arithmetical accuracy of the calculation of EIR and amortization of interest income, over the period of the loan. <p>Based on available evidence and above procedures performed, we did not find any material exceptions to the recognition of interest income following EIR approach.</p>

OTHER INFORMATION

6. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE STANDALONE FINANCIAL STATEMENTS

7. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
8. In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

9. Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.
10. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
11. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
12. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
13. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

14. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure B a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
15. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

- (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act;
 - (e) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164 (2) of the Act;
 - (f) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A";
 - (j) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations as at March 31, 2020, which would impact its financial position, refer to note 32 of the standalone financial statements;
 - ii. Provision has been made in the standalone financial statements, as required by the applicable laws and accounting principles generally accepted in India, for material foreseeable losses, on long-term contracts, including derivative contracts – Refer Notes 5, 6 and 12 to the standalone financial statements;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2020;
 - iv. The reporting on disclosures relating to Specified Bank Notes is not applicable to the Company for the year ended March 31, 2020.
16. The Company has paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.

Annexure A to Independent Auditors' Report

Referred to in paragraph 15(f) of the Independent Auditors' Report of even date to the members of Kotak Mahindra Investments Limited on the standalone financial statements for the year ended March 31, 2020

Report on the Internal Financial Controls with reference to standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls with reference to standalone financial statements of Kotak Mahindra Investments Limited ("the Company") as of March 31, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITORS' RESPONSIBILITY

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to standalone financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO STANDALONE FINANCIAL STATEMENTS

6. A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO STANDALONE FINANCIAL STATEMENTS

7. Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. Also refer paragraph 4 of the main audit report.

Annexure B to Independent Auditors' Report

Referred to in paragraph 14 of the Independent Auditors' Report of even date to the members of Kotak Mahindra Investments Limited on the standalone financial statements as of and for the year ended March 31, 2020

- i. (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The fixed assets of the Company have been physically verified by the Management during the year and no material discrepancies have been noticed on such verification. In our opinion, the frequency of verification is reasonable.
- (c) The title deeds of immovable properties, as disclosed in Note 8 on fixed assets to the financial statements, are held in the name of the Company.
- ii. The Company is in the business of rendering services, and consequently, does not hold any inventory. Therefore, the provisions of Clause 3(ii) of the said Order are not applicable to the Company.
- iii. The Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Therefore, the provisions of Clause 3(iii), (iii)(a), (iii)(b) and (iii)(c) of the said Order are not applicable to the Company.
- iv. The Company is a Non-Banking Finance Company registered with the Reserve Bank of India and engaged in the business of providing loans. Accordingly, the provisions of Section 185 is not applicable to the Company. Hence, reporting under Clause 3(iv) of the said Order, to the extent of reporting on Section 185 of the Act, is not applicable to the Company.

In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Section 186 of the Act in respect of the loans or investments made, or guarantees or security provided by it, to the extent applicable.

- v. The Company has not accepted any deposits from the public within the meaning of Sections 73, 74, 75 and 76 of the Act and the Rules framed thereunder to the extent notified.
- vi. The Central Government of India has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company.
- vii. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is regular in depositing the undisputed statutory dues, including provident fund, employees' state insurance, income tax, good and service tax, cess, and other material statutory dues, as applicable, with the appropriate authorities. Also refer note 32 to the financial statements regarding management's assessment on certain matters relating to provident fund.
- (b) According to the information and explanations given to us and the records of the Company examined by us, the particulars of dues of income tax as at March 31, 2020 which have not been deposited on account of a dispute, are as follows:

Name of the statute	Nature of dues	Amount (₹ In lakhs)	Period to which the amount relates	Forum where the dispute is pending
Income Tax Act, 1961	Final Assessment order	32	April 1, 2013 to March 31, 2014	Commissioner of Income Tax (Appeals)

- viii. According to the records of the Company examined by us and the information and explanation given to us, the Company has not defaulted in repayment of loans or borrowings to any financial institution or bank or Government or dues to debenture holders as at the balance sheet date.
- ix. The Company has not raised any moneys by way of initial public offer, further public offer (including debt instruments) and term loans. Accordingly, the provisions of Clause 3(ix) of the Order are not applicable to the Company.
- x. During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such case by the Management.
- xi. The Company has paid / provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.
- xii. As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it, the provisions of Clause 3(xii) of the Order are not applicable to the Company.

- xiii. The Company has entered into transactions with related parties in compliance with the provisions of Section 177 and 188 of the Act. The details of related party transactions have been disclosed in the financial statements as required under Accounting Standard (AS) 18, Related Party Disclosures specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- xiv. The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Accordingly, the provisions of Clause 3(xiv) of the Order are not applicable to the Company.
- xv. The Company has not entered into any non-cash transactions with its directors or persons connected with him. Accordingly, the provisions of Clause 3(xv) of the Order are not applicable to the Company.
- xvi. The Company is required to, and has been registered under Section 45-IA of the Reserve Bank of India Act, 1934 as a Non Banking financial institution.

Schedules

Note1: Notes forming part of Standalone Financial Statements for the year ended 31st March, 2020

1.1. CORPORATE INFORMATION

Kotak Mahindra Investments Limited (the Company) is registered as a Non-Banking Financial Company with Reserve Bank of India. The Company is engaged in providing finance for developer funding, corporate loans, and such other activities as holding long term strategic investments. The Company is a 100% subsidiary of Kotak Mahindra Bank Ltd.

The Company's registered office is at 27BKC, C 27, G Block, Bandra Kurla Complex, Bandra (E), Mumbai – 400051

1.2. BASIS OF PREPARATION

A. Statement of compliance

The standalone financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) Rules, 2016 and relevant provisions of the Companies Act, 2013.

The standalone financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the financial years presented in the standalone financial statements.

These standalone financial statements were authorized for issue by the Company's Board of Directors on 24th June, 2020.

B. Basis of measurement

The standalone financial statements have been prepared on a historical cost basis except for the following items:

- Certain financial assets and liabilities - measured at fair value (refer accounting policy regarding financial instruments);
- Share-based payments – measured at fair value (refer accounting policy regarding share based payments).

C. Functional and presentation currency

The standalone financial statements are presented in Indian Rupees (INR) which is also the Company's functional currency. All the amounts are rounded to the nearest lakhs with two decimals, except when otherwise indicated.

D. Adoption of new and revised standards

On 30 March 2019, the Ministry of Corporate Affairs ("MCA") through the Companies (Indian Accounting Standards) Amendment Rules, 2019 and the Companies (Indian Accounting Standards) Second Amendment Rules, has notified Ind AS 116 Leases which replaces the existing lease standard, Ind AS 17.

Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. It introduces a single, on-balance sheet lease accounting model for lessees.

Effective from April 1, 2019 ('the date of transition'), the Company applied Ind AS 116 retrospectively to all leases previously classified as operating leases. The Company has used practical expedients when applying Ind AS 116 to leases previously classified as operating leases under Ind AS 17. Company has elected not to apply the requirements of Ind AS 116 to leases which are expiring within 12 months from the date of transition by class of assets and leases for which the underlying asset is of low value on a lease-by-lease basis.

Refer note 1.6 (R) and 1.6 (S) – Significant accounting policies – Leases in the Financial statements of the Company for the year ended March 31, 2019, for the policy as per Ind AS 17.

E. Use of estimates and judgements

The preparation of standalone financial statements in accordance with Ind AS requires use of estimates and assumptions for some items, which might have effect on their recognition and measurement in Balances Sheet and Statement of Profit and Loss. The actual amounts realized may differ from these estimates. The estimates and the underlying assumptions are reviewed on an ongoing basis.

Judgement, estimates and assumptions are required in particular for:

I. Determination of estimated useful lives of property, plant, equipment

Useful lives of property, plant and equipment are based on the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers' warranties and maintenance support.

Schedules

Note 1: Notes forming part of Standalone Financial Statements for the year ended 31st March, 2020

II. Determination of lease term:

Ind AS 116 – Leases requires lessee to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes assessment on the expected lease term on lease by lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of lease and the importance of the underlying to the Company's operations taking into account the location of the underlying asset and the availability of the suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

III. Recognition and Measurement of defined benefit obligations

The obligation arising from defined benefit plan is determined on the basis of actuarial valuation. Key actuarial assumptions which form the basis of above valuation includes discount rate, trends in salary escalation, demographics and life expectancy. The discount rate is determined by reference to market yields at the end of the reporting period on government bonds. The period to maturity of the underlying bonds correspond to the probable maturity of the post-employment benefit obligations. Further details are disclosed in note 37.

IV. Recognition of deferred tax assets

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases, depreciation carry-forwards and tax credits. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, depreciation carry-forwards and unused tax credits could be utilized.

V. Recognition and measurement of provisions and contingencies

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the reporting date. The actual outflow of resources at a future date may therefore, vary from the amount included in other provisions.

VI. Discounting of long-term financial assets/liabilities

All financial assets/liabilities are required to be measured at fair value on initial recognition. In case of financial assets/liabilities which are required to be subsequently measured at amortised cost, interest is accrued using the effective interest method.

VII. Fair value of share-based payments

Share-based compensation benefits are provided to employees via the (a) Kotak Mahindra Equity Option Scheme 2007; and (b) Kotak Mahindra Equity Option Scheme 2015 (the 'Option Plan') managed by Kotak Mahindra Bank Limited (the Holding Company), an employee share scheme and share-appreciation rights.

Estimating fair value for share-based payment transactions requires determination of the most appropriate valuation model, which depends on the terms and conditions of the grant. This estimate also requires determination of the most appropriate inputs to the valuation model including the expected life of the share option or appreciation right, volatility and dividend yield and making assumptions about them. The Company initially measures the cost of cash-settled transactions with employees using a Black-Scholes model. Key assumptions have been made with respect to expected volatility including share price, expected dividends and discount rate, under this option pricing model. For cash-settled share-based payment transactions, the liability needs to be re-measured at the end of each reporting period up to the date of settlement, with any changes in fair value recognized in the Statement of Profit and Loss. This requires a reassessment of the estimates used at the end of each reporting period. For the measurement of the fair value of equity-settled transactions with employees at the grant date, the Company uses a Black-Scholes model.

The assumptions and models used for estimating fair value for share-based payment transactions are disclosed in Note 38.

VIII. Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items such as credit risk (both own and counterparty), funding value adjustments, correlation and volatility. For further details about determination of fair value please see Note 36.

Schedules

Note1: Notes forming part of Standalone Financial Statements for the year ended 31st March, 2020

IX. Business model assessment

Classification and measurement of financial assets depends on the results of the solely payment of principal and interest (SPPI) and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held.

X. Effective Interest Rate (EIR) method

The Company's EIR methodology, recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given (timing of disbursement)/ taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle.

This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, changes to benchmark rate and other fee income/expense that are integral parts of the instrument.

XI. Impairment of financial assets

The Company recognizes loss allowances for expected credit losses on its financial assets measured at amortized cost and Fair Value through Other Comprehensive Income (FVOCI) except investment in equity instruments classified as FVOCI. At each reporting date, the Company assesses whether the above financial assets are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

The Company's ECL calculations are outputs of statistical models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies such as macroeconomic scenarios and collateral values.

XII. Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit (CGU) exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs of disposing of the asset. The 'value in use' calculation is based on a discounted cash flow model. The cash flows are derived from the budget and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the performance of the assets of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the discounted cash flow model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes

XIII. Estimation uncertainty relating to the global health pandemic on COVID-19:

The novel coronavirus (COVID-19) pandemic continues to spread rapidly across the globe including India. On March 11, 2020, the COVID-19 outbreak was declared a global pandemic by the World Health Organization. COVID-19 has taken its toll on not just human life, but business and financial markets too, the extent of which is currently indeterminable. In many countries, including India, there has been severe disruption to regular business operations due to lockdowns and other factors. On March 24, 2020, the Indian government announced a 21-day lockdown which was extended twice, across the country to contain the spread of virus.

The Company, being a NBFC, is in the business of providing loans to real estate developers, loans against securities, corporate loans and makes investments. The Company has made an assessment of its liquidity position applying stress scenarios. The Company believes that it has taken into account all the possible impact of known events arising from COVID-19 pandemic in the preparation of the financial results/statements.

The Indian Government, the Reserve Bank of India and other regulators have announced various measures and relaxations acknowledging the current situation to ensure that there is enough liquidity in the hands of market participants and provided moratoriums to the borrowers in terms of their repayments to the financial institutions.

In accordance with the board approved moratorium policy read with the Reserve Bank of India (RBI) guidelines dated March 27, 2020 and April 17, 2020 relating to 'COVID-19 - Regulatory Package', the Company has granted moratorium upto three months on the payment of installments falling due between March 1, 2020 and May 31, 2020 to all eligible borrowers. In respect of accounts where moratorium benefit has been granted, days past due (DPD) status of those accounts as at 31 March 2020 is based on the days past due status as on 29 February 2020. The granting of moratorium does not result in

Schedules

Note 1: Notes forming part of Standalone Financial Statements for the year ended 31st March, 2020

accounts becoming past due and automatically triggering forward movement to Stage 2 or Stage 3. However Company has assessed such accounts based on qualitative factors and wherever Company assessed, there may have been significant increase in credit Risk, financial assets have been classified to Stage II and accordingly impairment allowance for lifetime expected loss is provided. The Company continues to recognize interest income during the moratorium period in the absence of other credit risk indicators.

The Company has further assessed the recoverability and carrying value of its assets as at balance sheet date, and has concluded that there are no material adjustments required in the financial results/statements, other than those already considered.

The impact assessment of COVID-19 is a continuing process given the uncertainties associated with its nature and duration. The impact of the global health pandemic on following items may be different from that estimated as at the date of approval of Company's Standalone financial statements and the Company will continue to closely monitor any material changes to future economic conditions.

i. Impairment on Financial Assets

In assessing the recoverability of loans, investment in debt instruments and trade receivables, the Company has considered internal and external information, credit reports and economic forecasts. Basis the above information, the Company has assessed the staging criteria, external rating from credit rating agencies, macro-economic factors and loss given default. Accordingly, the impairment on the financial assets has been computed.

ii. Fair value of financial instruments

Fair value hierarchy of financial assets which are carried at fair value are classified as Level 1, Level 2 and Level 3 as at 31st March 2020.

Financial assets which are classified as Level 1 is marked to an active market which factors the uncertainties arising out of COVID-19. The financial assets carried at fair value by the Company are mainly investments in liquid debt mutual funds and accordingly, any material volatility is not expected. For fair values of financial assets and financial liabilities measured at amortized cost which are classified as Level 2, uncertainties arising out of COVID-19 is incorporated in discounts rates, credit spread and expected cash flows.

Investment in venture capital fund, preference shares and equity instruments are valued at fair value classified as level III. The Company has considered unobservable inputs such as discounting rates, cashflow estimates that reflects the risk and uncertainty associated with investment due to impact of COVID 19.

iii. Leases

The Company has entered into lease arrangement for Corporate and branch office for a term of one year. The Company does not foresee any change in terms of those leases due to COVID – 19.

1.3. AMENDMENTS TO EXISTING IND AS:

The Ministry of Corporate Affairs notifies new standard or amendments to existing standards. There is no such notification which would have been applicable from April 01, 2020.

1.4. SIGNIFICANT ACCOUNTING POLICIES

A. Revenue recognition

- I. Interest income on financial assets is recognized on an accrual basis using effective interest (EIR) method other than the financial assets classified as measured at FVTPL. The EIR is determined considering all contractual terms, fees received, transaction costs incurred and all other premiums or discounts. Interest revenue is continued to be recognized at the original effective interest rate applied on the gross carrying amount of assets falling under stages 1 and 2 as against on amortised cost net of impairment allowance for the assets falling under impairment stage 3. Any subsequent changes in the estimation of the future cash flows is recognised in interest income with the corresponding adjustment to the carrying amount of the assets.
- II. Dividend income is accounted on an accrual basis when the Company's right to receive the dividend is established.
- III. Fees income is recognised when the Company satisfies the performance obligation, at fair value of the consideration received or receivable based on a five-step model as set out in Ind AS 115.

Schedules

Note1: Notes forming part of Standalone Financial Statements for the year ended 31st March, 2020

- IV. Revenue from services is recognized net of taxes as and when the service is performed as per the relevant agreements.
- V. Other revenue income is recognised when it is probable that consideration would be collected while considering the customer's ability and intention to pay when it is due.

B. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

All regular way purchase or sale of financial instruments are recognised and derecognised on a trade date basis. Purchase or sale of unquoted instrument is recognised on the closing date or as and when the transaction is completed as per terms mentioned in relevant transaction agreement /document.

Financial assets

Classification

The company classifies its financial assets in the following measurement categories;

- those to be subsequently measured at (either through other comprehensive income, or through profit or loss), and
- those to be measured at amortised cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income.

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction fees or costs that are directly attributable and incremental to the origination/acquisition of the financial asset unless otherwise specifically mentioned in the accounting policies.

Business model assessment

The Company makes an assessment of the objective of a business model in which an asset is held such that it best reflects the way the business is managed and is consistent with the way in which business is managed and information provided to the management. The information in conjunction with objective of business model includes:

- the objectives for the portfolio, in particular, management's strategy of focusing on earning contractual interest revenue, maintaining a particular interest rate profile;
- the frequency, volume and timing of sales in prior periods, the reasons for such sales and its expectations about future sales activity.
- the risks that affect the performance of the business model, the financial assets held within that business model and how those risks are managed.
- The Company monitors financial assets measured at Amortized cost that are derecognized prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Based on the Company policy, it can sell financial assets out of Amortized cost business model under following scenarios:
 - If such financial assets no longer meets the credit criteria in Company's investment policy;
 - Credit Risk on a financial assets has increased significantly;
 - To meet liquidity needs in 'stress case scenarios' and does not anticipate selling these assets except in scenarios such as to fund unexpected outflow;
 - Sales are infrequent or insignificant in value both individually or in aggregate
 - if sales are made close to the maturity of the financial assets and the proceeds from the sales approximate the collection of the remaining contractual cash flows.

Schedules

Note1: Notes forming part of Standalone Financial Statements for the year ended 31st March, 2020

Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of assessing contractual cash flows, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs, as well as profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making the assessment, the Company considers:

- reset terms
- contingent events that would change the amount and timing of cash flows;
- prepayment and extension terms; and
- features that modify consideration of the time value of money – e.g. periodical reset of interest rates.

(i) Financial assets at amortised cost

A financial asset is measured at amortised cost only if both of the following conditions are met:

- it is held within a business model whose objective is to hold assets in order to collect contractual cash flows.
- the contractual terms of the financial asset represent contractual cash flows that are solely payments of principal and interest.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest (EIR) method. Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR and reported as part of interest income in the Statement of Profit and Loss. The gross carrying amount of a financial asset is the amortised cost of a financial asset before adjusting for any loss allowance. The losses if any, arising from impairment are recognised in the Statement of Profit and Loss.

For financial assets other than purchased or originated credit-impaired financial assets, interest income is calculated by applying effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired. For financial assets that have subsequently become credit-impaired, interest income is recognised by applying the effective interest rate to the amortised cost of the financial asset. If, in subsequent reporting periods, the credit risk on the credit-impaired financial instrument improves so that the financial asset is no longer credit-impaired, interest income is recognised by applying the effective interest rate to the gross carrying amount of the financial asset.

For purchased or originated credit-impaired financial assets, the Company recognises interest income by applying the credit-adjusted effective interest rate to the amortised cost of the financial asset from initial recognition. The calculation does not revert to the gross basis even if the credit risk of the financial asset subsequently improves so that the financial asset is no longer credit-impaired.

(ii) Financial asset at fair value through Other Comprehensive Income (FVOCI)

Financial asset with contractual cash flow characteristics that are solely payments of principal and interest and held in a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets are classified to be measured at FVOCI. The impairment losses, if any, on such instrument is recognized through Statement of Profit and Loss.

After initial measurement, such financial assets are subsequently measured at fair value. Subsequent changes in the carrying amount of these financial assets as a result of foreign exchange gains and losses, impairment gains or losses, and interest income calculated using the effective interest method are recognised in Statement of Profit and Loss. The amounts that are recognised in Statement of Profit and Loss are the same as the amounts that would have been recognised in Statement of Profit and Loss if these financial assets had been measured at amortised cost. All other changes in the carrying amount of these financial assets are recognised in other comprehensive income. The loss allowance is recognized in 'Other Comprehensive Income' (OCI) and does not reduce the carrying value of the financial asset. On derecognition, gains and losses accumulated in OCI are reclassified to Statement of Profit and Loss.

Schedules

Note1: Notes forming part of Standalone Financial Statements for the year ended 31st March, 2020

(iii) Financial asset at fair value through profit and loss (FVTPL)

Any financial instrument, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified to be measured at FVTPL.

Financial instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

Financial liabilities and equity instruments:

Classification as debt or equity -

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments -

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by Company are recognised at the proceeds received. Transaction costs of an equity transaction are recognised as a deduction from equity

Financial Liabilities:

All financial liabilities are subsequently measured at amortised cost except when designated to be measured at FVTPL. Liabilities which are classified at fair value through profit or loss, including derivatives that are liabilities, shall be subsequently measured at fair value. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense are recognised in Statement of profit and loss. Any gain or loss on derecognition is also recognised in Statement of profit and loss.

C. Impairment of Financial Assets

Methodology for computation of Expected Credit Losses (ECL)

The financial instruments covered within the scope of ECL include financial assets measured at amortised cost and FVOCI, such as loans, trade receivables, security deposit, balances with banks and other financial assets. ECL has not been determined on financial assets measured at FVTPL.

The loss allowance has been measured using lifetime ECL except for financial assets on which there has been no significant increase in credit risk since initial recognition. In such cases, loss allowance has been measured at 12 month ECL.

At each reporting date, the Company assesses whether financial assets carried at amortised cost and FVOCI are credit-impaired. A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred since initial recognition. Evidence that a financial asset is credit-impaired include observable data about the following events:

- a. significant financial difficulty of the issuer or the borrower;
- b. a breach of contract, such as a default or past due event;
- c. the Company, for economic or contractual reasons relating to the borrower's financial difficulty, has granted to the borrower a concession(s) that the Company would not otherwise consider;
- d. it is becoming probable that the borrower will enter bankruptcy or other financial re-organisation;
- e. the disappearance of an active market for that financial asset because of financial difficulties.

ECL are a probability weighted estimate of credit losses, measured as follows:

- Financial assets that are not credit impaired at the reporting date:

ECL has been estimated by determining the probability of default ('PD'), Exposure At Default ('EAD') and loss given default ('LGD').

PD has been computed using observed history of default and converted into forward looking PD's using suitable macro-economic variable data and other observable inputs.

Schedules

Note1: Notes forming part of Standalone Financial Statements for the year ended 31st March, 2020

- Financial assets that are credit impaired at the reporting date:

ECL has been estimated as the difference between the gross carrying amount and the present value of estimated future cash flows.

For trade receivables, the Company applies a simplified approach. It recognizes impairment loss allowance based on lifetime ECL at each reporting date, right from its initial recognition. Therefore, the Company does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECL at each reporting date.

If the terms of a financial asset are renegotiated or modified or an existing financial asset is replaced with a new one due to financial difficulties of the borrower, then an assessment is made of whether the financial asset should be derecognised:

- If the expected restructuring will not result in derecognition of the existing asset, expected cash flows arising from the modified financial asset are included in calculating cash shortfalls from the existing asset
- If the expected restructuring will result in derecognition of the existing asset and the recognition of modified asset, the modified asset is considered as a new financial asset. The date of the modification is treated as the date of initial recognition of that financial asset when applying the impairment requirements to the modified financial asset. The impairment loss allowance is measured at an amount equal to 12 month expected credit losses until there is a significant increase in credit risk. If modified financial asset is credit-impaired at initial recognition, the financial asset is recognized as originated credit impaired asset.

Criteria used for determination of movement from stage 1 (12 month ECL) to stage 2 (lifetime ECL) and stage 3 (Lifetime ECL)

The Company applies a three-stage approach to measure ECL on financial assets measured at amortised cost and FVOCI. The assets migrate through the following three stages based on an assessment of qualitative and quantitative considerations:

Stage 1: 12 month ECL

For exposures where there has not been a significant increase in credit risk since initial recognition and that are not credit impaired upon origination, the portion of the lifetime ECL associated with the probability of default events occurring within the next 12 months is recognised. Interest income is accrued using the effective interest rate on the gross carrying amount.

Stage 2: Lifetime ECL (not credit impaired):

At each reporting date, the Company assesses whether there has been a significant increase in credit risk for financial assets since initial recognition. In determining whether credit risk has increased significantly since initial recognition, the Company uses days past due (DPD) information and other qualitative factors to assess deterioration in credit quality of a financial asset.

For credit exposures where there has been a significant increase in credit risk since initial recognition but that are not credit impaired, a lifetime ECL is recognised. Interest income is accrued using the effective interest rate on the gross carrying amount.

Stage 3: Lifetime ECL (credit impaired):

Financial assets are assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of the asset have occurred. For financial assets that have become credit impaired, a lifetime ECL is recognised and interest revenue is calculated by applying the effective interest rate to the amortized cost (net of loss allowance).

If, in a subsequent period, credit quality improves and reverses any previously assessed significant increase in credit risk since origination, then after cooling off period (Refer Note 36.5.2.5.1) Expected Credit Loss reverts from lifetime ECL to 12-months ECL.

For financial instruments whose significant payment obligations are only after next 12 months, life time ECL has been applied.

Method used to compute lifetime ECL:

The Company calculates ECLs based on a probability-weighted scenarios to measure the expected cash shortfalls, discounted at an approximation to the EIR. A cash shortfall is the difference between the cash flows that are due to an entity in accordance with the contract and the present value of cash flows that the entity expects to receive. The Company applies statistical techniques to estimate 12 month ECL and lifetime ECL.

Manner in which forward looking assumptions has been incorporated in ECL estimates:

The Company considers its historical loss experience and adjusts it for current observable data. In addition, the Company uses reasonable forecasts of future economic conditions including expert judgement to estimate the amount of expected credit losses. The methodology and assumptions including any forecasts of future economic conditions are periodically reviewed and changes, if any, are accounted for prospectively. The Company's ECL calculations are outputs of number of underlying assumptions regarding the choice of variable inputs and their interdependencies such as macroeconomic scenarios and collateral values.

Schedules

Note1: Notes forming part of Standalone Financial Statements for the year ended 31st March, 2020

D. Write-offs

Financial assets are written off either partially or in their entirety when there is no realistic prospect of recovery. This is generally the case when the Company determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts. If the amount to be written off is greater than the accumulated loss allowance, the difference is first treated as an addition to the allowance that is then applied against the gross carrying amount. Any subsequent recoveries are credited to impairment on financial instruments in Statement of Profit and Loss. However, financial assets that are written off may be subject to enforcement activities to comply with the Company's procedures for recovery of amounts due.

E. Derecognition of financial assets and financial liabilities

Financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognize the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

On derecognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognised) and the sum of (i) the consideration received (including any new asset obtained less any new liability assumed) and (ii) any cumulative gain or loss that had been recognised in OCI is recognised in statement of profit or loss.

Financial Liabilities:

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

F. Modifications of financial assets and financial liabilities

Financial assets

If the terms of a financial asset are modified, the Company evaluates whether the cash flows of the modified asset are substantially different. If the cash flows are substantially different, then the contractual rights to cash flows from the original financial asset are deemed to have expired. In this case, the original financial asset is derecognised and a new financial asset is recognised at fair value.

If the cash flows of the modified asset carried at amortised cost are not substantially different, then the modification does not result in derecognition of the financial asset. In this case, the Company recalculates the gross carrying amount of the financial asset as the present value of the renegotiated or modified contractual cash flows that are discounted at the financial asset's original effective interest rate and recognises the amount arising from adjusting the gross carrying amount as a modification gain or loss in the Statement of Profit and Loss. Any costs or fees incurred adjust the carrying amount of the modified financial asset and are amortised over the remaining term of the modified financial asset. If such a modification is carried out because of financial difficulties of the borrower, then the gain or loss is presented together with impairment losses, in other cases, it is presented as interest income.

Financial liabilities

The Company derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in statement of profit or loss.

Schedules

Note1: Notes forming part of Standalone Financial Statements for the year ended 31st March, 2020

G. Measurement of fair values

The Company's accounting policies and disclosures require the measurement of fair values for financial instruments

Management uses its judgement in selecting an appropriate valuation technique for financial instruments not quoted in an active market. Valuation techniques commonly used by market participants are applied.

When measuring the fair value of a financial asset or a financial liability, the Company uses observable market data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the lowest level inputs that are significant to the measurements, used in the valuation techniques as follows.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

H. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

I. Derivative financial instruments

Derivatives embedded in a host contract that is an asset within the scope of Ind AS 109 are not separated. Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Derivatives embedded in all other host contract are separated only if the economic characteristics and risks of the embedded derivative are not closely related to the economic characteristics and risks of the host and are measured at fair value through profit or loss. Embedded derivatives closely related to the host contracts are not separated.

J. Property, plant and equipment

Property, plant and equipment are stated at acquisition cost less accumulated depreciation and impairment, if any. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by management. Gain or losses arising from the retirement or disposal of property, plant and equipment are determined as the difference between the net disposal proceeds and the carrying amount of property, plant and equipment and recognized as income or expense in the Statement of Profit and Loss.

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

Depreciation is provided on a pro-rata basis on a Straight Line Method over the estimated useful life of property, plant and equipment at rates which are equal to or higher than the rates prescribed under Schedule II of the Companies Act, 2013 in order to reflect the actual usage of property, plant and equipment. The estimates of useful lives of property, plant and equipment, based on a technical evaluation, are reviewed periodically, including at each financial year end. Estimated useful lives over which assets are depreciated are as follows:

Asset Type	Useful life in years
Premises	58
Leasehold Improvements	Over the period of lease subject to a maximum of 6 years
Office Equipment	5
Computers	3
Furniture and Fixtures	6
Vehicles	4

Schedules

Note 1: Notes forming part of Standalone Financial Statements for the year ended 31st March, 2020

Used property, plant and equipment purchased are depreciated over the residual useful life from the date of original purchase. For property, plant and equipment purchased and sold during the year, depreciation is provided on pro rata basis by the Company.

Property, plant and equipment costing less than Rs.5,000 are fully depreciated in the year of purchase.

K. Intangible assets

Intangible assets are stated at cost less accumulated amortization and impairment, if any. Intangible assets are amortized over their estimated useful lives on a straight line basis, from the date they are available for use. Estimated useful life over which intangible assets are amortised are as follows:

Asset Type	Useful life in years
Software and System Development	3

L. Borrowing cost

Borrowing costs other than those directly attributable to qualifying Property, Plant and Equipment are recognised as an expense in the period in which they are incurred.

M. Income Tax

Income tax expense comprises current and deferred tax. It is recognised in statement of profit or loss except to the extent that it relates to items recognised directly in equity or in OCI.

Current tax

Current tax is measured at the amount expected to be paid in respect of taxable income for the year in accordance with the Income Tax Act, 1961. Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax assets are reviewed at each reporting date and based on management's judgement, are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves.

Unrecognized deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities. It is measured using tax rates enacted or substantively enacted at the reporting date.

Deferred tax assets and liabilities are offset only if:

- I. the Company has a legally enforceable right to set off current tax assets against current tax liabilities; and
- II. the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

N. Employee benefits

- I. Provident fund is a defined contribution scheme and the contributions as required by the statute to Government Provident Fund are charged to the Statement of Profit and Loss when due.
- II. The Company contributes up to 10% of eligible employees salary per annum, to the New Pension Fund administered by a Pension Fund Regulatory and Development Authority (PFRDA) appointed pension fund manager. The Company recognizes such contributions as an expense in the year when an employee renders the related service.
- III. Gratuity liability is a defined benefit obligation and is wholly unfunded. The Company accounts for liability for future gratuity benefits based on actuarial valuation. The net present value of the Company's obligation towards the same is actuarially determined based on the projected unit credit method as at the Balance Sheet date.

Schedules

Note 1: Notes forming part of Standalone Financial Statements for the year ended 31st March, 2020

- IV. Remeasurement of all defined benefit plans, which comprise actuarial gains and losses are recognised immediately in other comprehensive income in the year they are incurred. Remeasurements are not reclassified to profit or loss in subsequent period. Remeasurement gains or losses on long term compensated absences that are classified as other long term benefits are recognised in profit or loss. Net interest expense (income) on the net defined liability (assets) is computed by applying the discount rate, used to measure the net defined liability (asset), to the net defined liability (asset) at the start of the financial year after taking into account any changes as a result of contribution and benefit payments during the year. Net interest expense and other expenses related to defined benefit plans are recognised in statement of profit or loss
- V. The amount of short term employee benefits expected to be paid in exchange for the services rendered by employee is recognized during the period when the employee renders the service. These benefits include performance incentives.
- VI. The Company accrues the liability for compensated absences based on the actuarial valuation as at the balance sheet date conducted by an independent actuary which includes assumptions about demographics, early retirement, salary increases, interest rates and leave utilisation. The net present value of the Company's obligation is determined based on the projected unit credit method as at the Balance Sheet date.
- VII. As per the Company's policy, employees of the Company are eligible for an award after completion of a specified number of years of service with the Company. The obligation is measured at the Balance Sheet date on the basis of an actuarial valuation using the projected unit credit method conducted by actuary of Life Insurance of fellow subsidiary.

O. Employee share based payments

Equity-settled scheme:

Equity-settled share-based payments made by the parent Company to the employees of the Company are measured at the fair value of the equity instruments at the grant date. The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest. Fair value determined at the grant date is reduced by payment, If any, made to the parent, is recognized as deemed contribution to equity from parent.

Cash-settled scheme:

The cost of cash-settled scheme (stock appreciation rights) is measured initially using fair value method at the grant date taking into account the terms and conditions upon which the instruments were granted. This fair value is amortised on a straight-line basis over the vesting period with recognition of corresponding liability. This liability is remeasured at each balance sheet date up to and including the settlement date with changes in fair value recognised in the Statement of Profit and Loss in 'Provision for Stock Appreciation Rights' under the head Employee Benefit Expense.

P. Segmental reporting

The Company's operating segments are established on the basis of those components of the Company that are evaluated regularly by the Executive Committee (the 'Chief Operating Decision Maker' as defined in Ind AS 108 - 'Operating Segments'), in deciding how to allocate resources and in assessing performance. These have been identified taking into account nature of products and services, the differing risks and returns and the internal business reporting systems.

Company has four principal operating and reporting segments viz

- Commercial Real Estate
- Lending against securities and Corporate Loan structured products
- Margin funding
- Treasury and investments

Revenue and Expenses have been identified to a segment on the basis of relationship to operating activities of the segment. Revenue and Expenses which relate to the Company as a whole and are not allocable to a segment on reasonable basis have been disclosed as "Unallocable".

Segment Assets and Segment Liabilities represent Assets and Liabilities in respective segments. Investments, tax related assets and other assets and liabilities that cannot be allocated to a segment on reasonable basis have been disclosed as "Unallocable".

Schedules

Note1: Notes forming part of Standalone Financial Statements for the year ended 31st March, 2020

Q. Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they were entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events of bonus issue; bonus element in a rights issue to existing shareholders; share split; and reverse share split (consolidation of shares).

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

R. Provisions and contingent liabilities

Provisions involving substantial degree of estimation in measurement are recognised when there is present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities are not recognised but disclosed in the notes. Contingent assets are neither recognised nor disclosed in standalone financial statements.

S. Leases

At the inception of the contract Company assess whether a contract contains a lease, at the inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether

- (i) the contract involves the use of identified asset;
- (ii) the Company has substantially all of the economic benefits from the use of the asset through the period of lease and
- (iii) the Company has right to direct the use of the asset.

As a lessee

The Company has elected not to recognise right-of-use assets and lease liabilities for short term leases that have a lease term of less than or equal to 12 months with no purchase option and assets with low value leases. The Company recognises the lease payments associated with these leases as an expense in statement of profit and loss over the lease term. The related cash flows are classified as operating activities.

T. Impairment of non financial assets

The carrying values of assets at each balance sheet date are reviewed for impairment if any indication of impairment exists. If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount in the Statement of Profit and Loss.

The recoverable amount is the greater of the fair value less costs of disposal and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods which no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets, such reversal is not recognized.

U. Investments in subsidiaries, associates and joint venture

NOTE 20.1 NATURE AND PURPOSE OF RESERVE

Impairment Reserve

Impairment reserve is created when impairment allowance under Ind AS 109 is lower than the provisioning required (including standard asset provisioning) under prudential norms on Income Recognition, Asset Classification and Provisioning (IRACP), as directed by RBI vide circular DOR (NBFC).CC.PD.No.109/22.10.106/2019-20 dated March 13, 2020.

Capital Redemption Reserve

Capital redemption reserve is created on redemption of preference share capital. Capital redemption reserve includes transfer from General reserve on redemption of preference share capital.

Securities premium

The securities premium reserve is used to record the premium received on issue of shares. The reserve is utilised in accordance with the provisions of the Companies Act, 2013.

General Reserve

General Reserve represents appropriation of retained earnings and are available for distribution to shareholders.

Special Reserve

Special reserve represents appropriation of retained earning as per Section 45 IC of the Reserve Bank of India Act, 1934.

Retained Earnings

Retained earnings represents surplus/accumulated earnings of the Company and are available for distribution to shareholders.

Capital Contribution from Parent

Capital Contribution from Parent represents fair value of the employee stock option plan. These option are issued by parent company "Kotak Mahindra Bank Limited" to the employee of the company.

Debt instruments through OCI

The company recognises changes in the fair value of debt instruments held with business objective of collect and sell in other comprehensive income. These changes are accumulated within the FVOCI debt investments reserve within equity. The company transfers amounts from this reserve to the statement of profit and loss when the debt instrument is sold. Any impairment loss on such instruments is reclassified immediately to the statement of profit and loss.

The Company offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.

Significant management judgment is required in determining provision for income tax, deferred income tax assets and liabilities and recoverability of deferred income tax assets. The recoverability of deferred income tax assets is based on estimates of taxable income in which the relevant entity operates and the period over which deferred income tax assets will be recovered.

(e) Tax Balances

Sr. No.	Particulars	As at 31 st March, 2020	As at 31 st March, 2019
a)	Capital Commitments	90.00	-

Provident Fund

The Honourable Supreme Court has recently provided a judgment in case of "Vivekananda Vidyamandir And Others Vs The Regional Provident Fund Commissioner (II) West Bengal" and the related circular (Circular No. C-1/1(33)2019/Vivekananda Vidya Mandir/284) dated March 20, 2019 issued by the Employees' Provident Fund Organisation in relation to non-exclusion of certain allowances from the definition of "basic wages" of the relevant employees for the purposes of determining contribution to provident fund under the Employees' Provident Funds and Miscellaneous Provisions Act, 1952. With regard to above Supreme Court (SC) judgement there are various interpretative issues including applicability and the impact thereof cannot be quantified. In Company's assessment, the above judgement is not likely to have a significant impact and therefore presently no provision has been made in the Financial Statements.

*Fair valuation of the investments include investments in associate and Joint Ventures which has been carried at cost.

In case of Short term financial instrument such as trade receivable, trade payable, Short term Current and Term deposits with Bank/CBLO, carrying value is considered as close approximation of Fair value.

Schedules

Notes to the Standalone Financial Statements for the year ended 31st March, 2020

36.3. MEASUREMENT OF FAIR VALUES

The fair value of financial instruments have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The categories used are as follows:

Level 1 : Level 1 hierarchy includes financial instruments measured using unadjusted quoted prices in active markets that the Company has the ability to access for the identical assets or liabilities. A financial instrument is classified as a Level 1 measurement if it is listed on an exchange. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued at the closing Net Asset Value (NAV).

Level 2 : The fair value of financial instruments that are not traded in active markets is determined using valuation techniques which maximize the use of observable market data either directly or indirectly, such as quoted prices for similar assets and liabilities in active markets, for substantially the full term of the financial instrument but do not qualify as Level 1 inputs. If all significant inputs required to fair value an instrument are observable the instrument is included in level 2.

Level 3 : If one or more of the significant inputs is not based on observable market data, the instruments is included in level 3. That is, Level 3 inputs incorporate market participants' assumptions about risk and the risk premium required by market participants in order to bear that risk. The Company develops Level 3 inputs based on the best information available in the circumstances.

36.3.1 FINANCIAL INSTRUMENTS VALUED AT CARRYING VALUE

The respective carrying values of certain on-balance sheet financial instruments approximated their fair value. These financial instruments include cash in hand and bank balances, trade receivables, trade payables, overdraft facility payable on demand certain other assets and liabilities that are considered financial instruments. Carrying values were assumed to approximate fair values for these financial instruments as they are short-term in nature and their recorded amounts approximate fair values or are receivable or payable on demand.

36.3.2 VALUATION TECHNIQUES USED TO DETERMINE FAIR VALUE:

36.3.2.1 INVESTMENTS IN MUTUAL FUNDS

The fair values of investments in mutual funds is based on the net asset value ('NAV') as stated by the issuers of these mutual fund units in the published statements as at Balance Sheet date. NAV represents the price at which the issuer will issue further units of mutual fund and the price at which issuers will redeem such units from the investors.

36.3.2.2 INVESTMENTS IN PREFERENCE SHARES

The fair values have been calculated using the discounted cash flow approach.

36.3.2.3 INVESTMENT IN VENTURE CAPITAL FUNDS

The fair values of investments in venture capital funds is based on the net asset value ('NAV') as stated by the issuers of these venture capital fund units

36.3.2.4 INVESTMENT IN EQUITY INSTRUMENTS

The Cost Approach - Break Up Value method has been adopted for valuation of equity shares.

36.3.3 FAIR VALUE OF FINANCIAL INSTRUMENTS CARRIED AT AMORTISED COST

36.3.3.1 LOANS

The fair values of loans that do not reprice or mature frequently are estimated using discounted cash flow models. The discount rates are based on internal models and consequently for the purposes of level disclosures categorized under Level 3. Fair value of Level 3 loans would decrease (increase) in value depending on increase (decrease) in discount rate. Present value of Expected Cash flow from Impaired Loan at original Effective interest Rate is taken as fair value.

36.3.3.2 BORROWINGS

The fair values of the Company's borrowings and other debt securities are calculated based on a discounted cash flow model. The discount rates were based on yield curves appropriate for the remaining maturities of the instruments as published by Financial Benchmarks India Private Limited (FBIL).

Schedules

Notes to the Standalone Financial Statements for the year ended 31st March, 2020

36.4. FAIR VALUES MEASUREMENT ON LEVEL 3 INVESTMENTS

36.4.1. The following table shows a reconciliation from the beginning balances to the ending balances for fair value measurements in Level 3 of the fair value hierarchy.

(Amount in lakhs)

Particulars	As at 1 st April, 2019	Total gains/ (losses) recorded in profit or loss	Purchases	Sales/ Settlements	Transfers in/(out)	As at 31 st March, 2020
Investments in Preference Shares	3,993.90	(227.80)	-	-	-	3,766.10
Investments in Equity Instruments	65.87	-	-	-	-	65.87
Investments in Venture funds	1,739.60	(182.10)	-	(26.53)	-	1,530.97

(Amount in lakhs)

Particulars	As at 1 st April, 2018	Total gains/ (losses) recorded in profit or loss	Purchases	Sales/ Settlements	Transfers in/(out)	As at 31 st March, 2019
Investments in Preference Shares	3,519.82	474.08	-	-	-	3,993.90
Investments in Equity Instruments	219.64	(1.68)	-	(152.09)	-	65.87
Investments in Venture funds	1802.87	(48.85)	-	(14.41)	-	1,739.60

36.4.2. UNOBSERVABLE INPUTS USED IN MEASURING FAIR VALUE

Type of financial instrument	Valuation technique	Significant unobservable input	Fair value measurement sensitivity to unobservable inputs
Investments in Preference Shares	Discounted cash flow	Interest rate to discount future cash flows	Significant decrease in discount factor would result in higher fair value
Investments in Equity Instruments	Cost Approach	Book values of assets and liabilities	Significant decrease in book value of assets and liabilities would result into lower fair value

Company believes that its estimates of fair value are appropriate, the use of different methodologies or assumptions could lead to different measurements of fair value. For fair value measurements in Level 3, changing one or more of the assumptions used to reasonably possible alternative assumptions would have the following effects;

(Amount in lakhs)

Particulars	As at March 31 st , 2020				As at March 31 st , 2019			
	100 bp increase in discount factor	100 bp decrease in discount factor	500 bp increase in net cash flow	500 bp decrease in net cash flow	100 bp increase in discount factor	100 bp decrease in discount factor	500 bp increase in net cash flow	500 bp decrease in net cash flow
Investments in Preference Shares	34.82	(35.47)	-	-	(27.44)	27.87	-	-
Investments in Equity Instruments	-	-	3.29	(3.29)	-	-	3.29	(3.29)

36.5. FINANCIAL RISK MANAGEMENT

The Company's activities expose it to a variety of risks namely:

- Credit risk ;
- Liquidity risk ; and
- Interest rate risk

Schedules

Notes to the Standalone Financial Statements for the year ended 31st March, 2020

36.5.1. RISK MANAGEMENT FRAMEWORK

Risk Management policy outlines the approach and mechanisms of risk management in the company, including identification, reporting and measurement of risk in various activities undertaken by the company. The general objective of risk management is to support business units by ensuring risks are timely identified and adequately considered in decision-making, and are viewed in conjunction with the earnings.

The Company's risk management policies are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The audit committee oversees how the management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

The Risk Management committee of Board exercises supervisory power in connection with the risk management of the company, monitoring of the exposures, reviewing adequacy of risk management process, reviewing internal control systems, ensuring compliance with the statutory/regulatory framework of the risk management process.

The note below explains the sources of risk which the entity is exposed to and how the entity manages the risk in its financial statements\

Risk	Exposure arising from	Management
Liquidity Risk	Liquidity risk is the risk that the Company is unable to meet its financial obligations when they fall due without adversely affecting its financial condition. Liquidity risk arises because of mismatches in the timing of the cash flows.	Asset Liability Management Committee (ALCO) of the Company defines its liquidity risk management strategy and sets the overall policy and risk tolerance limits. In order to manage/mitigate liquidity risk, in addition to regulatory limits on liquidity gaps, the Company has also defined prudential internal limit for Liquidity Gap tolerance for its time bucket which is approved by the ALCO. Treasury is responsible for managing liquidity under the liquidity risk management framework as approved by the ALCO. Liquidity risk management strategies and practices are reviewed to align with changes to the external environment, including regulatory changes, business conditions and market developments. Actual and anticipated cash flows generated are monitored to ensure compliance with limits.
Credit Risk	Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and loans and advances. Credit risk encompasses both, direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks.	The company adheres to high standards of credit risk management and mitigation. The lending proposals are subjected to assessment of promoters; group financial strength and leverage; operational and financial performance track record; client cash flows; valuation of collateral (real estate - considering status of project approvals, market benchmarking and current going rates; corporates – considering capital market trend / cash flows / peer comparison as applicable). The exposures are subjected to regular monitoring of (real estate - project performance, cash flows, security cover; corporates – exposures backed by listed securities, security cover is regularly monitored). The Company manages and controls credit risk by setting limits on the amount of risk it is willing to accept for individual counterparties and for Group of Counterparties and by monitoring exposures in relation to such limits.
Interest rate risk	Interest rate risk consists primarily of risk inherent in ALM activities and relates to the potential adverse impact of changes in market interest rates on future net interest income. Interest rate risk arises from mismatches in re-pricing of interest rate sensitive assets (RSA) and rate sensitive liabilities (RSL).	Board of Directors (the Board) of the Company is the guiding body for management of its interest rate risk and sets the overall policy and risk limits. In order to manage/mitigate interest rate risk, the Company has defined Interest Rate Sensitive Gap tolerance limits for each time bucket which is approved by the Board. Treasury is entrusted with the responsibility of managing interest rate risk within the overall risk limits as approved by the Board. Further, the Company undertakes Net Interest Income (NII) analysis to assess the impact of changes in interest rate on the earnings of the Company. The Interest Rate Sensitivity (IRS) gaps are monitored by ALCO on monthly basis.

Schedules

Notes to the Standalone Financial Statements for the year ended 31st March, 2020

36.5.2. CREDIT RISK

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and loans and advances. Credit risk encompasses both, direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks.

The company adheres to high standards of credit risk management and mitigation. The lending proposals are subjected to assessment of promoters; group financial strength and leverage; operational and financial performance track record; client cash flows; valuation of collateral (real estate sector- considering status of project approvals, market benchmarking and current going rates; corporate sector – considering capital market trend / cash flows / peer comparison as applicable).

The exposures are subjected to regular monitoring of (real estate - project performance, cash flows, security cover; corporates – exposures backed by listed securities, security cover is regularly monitored). The Company manages and controls credit risk by setting limits on the amount of risk it is willing to accept for individual counterparties and for Group of Counterparties and by monitoring exposures in relation to such limits.

The carrying amounts of following financial assets represent the maximum credit risk exposure:-

(Amount in lakhs)

Particulars	As at	
	31 st March, 2020	31 st March, 2019
Loans at amortised cost		
- Commercial Real Estate	354,136.16	313,429.29
- Loan against Securities and Structured Products	137,293.09	448,554.34
- Margin Funding	54,934.73	117,696.86
Investments	50,039.54	53,924.06
Other financial assets	160,967.01	51,061.33
Total	757,370.53	984,665.88

36.5.2.1. NARRATIVE DISCLOSURES OF CREDIT RISK

The amount of collateral obtained, if deemed necessary by the company while granting credit facility, is based on management's credit evaluation of the counterparty. Collateral primarily include mortgage of property and/ or pledge of securities and/or hypothecation of receivables and/ or undertaking to create a security.

36.5.2.2. QUANTITATIVE INFORMATION OF COLLATERAL - CREDIT IMPAIRED ASSETS

(Collateral Coverage - Value of collateral available to mitigate the credit exposure)

(Amount in lakhs)

Sr No	Loan To Value (LTV) range	Gross value of loan in stage 3	
		As at 31 st March 2020	As at 31 st March 2019
1	Upto 50% Coverage *	2,602.94	873.50
2	51% - 70% Coverage	-	-
3	71% - 100% Coverage	-	-
4	Above 100% coverage	4,917.65	3,202.10
		7,520.59	4,075.60

* Provision Created for Impairment allowance against these Loans - ₹ 1912.88 Lakhs (Previous Year ₹ 803.66 Lakhs)

Schedules

Notes to the Standalone Financial Statements for the year ended 31st March, 2020

36.5.2.3. FINANCIAL ASSETS RECEIVED AS COLLATERAL

Company has received Financial assets as collateral that it is permitted to sell in the absence of default.

At March 31st, 2020, the fair value of financial assets accepted as collateral against Loan that the Company is permitted to sell or repledge in the absence of default was Rs. 5,69,080.05 lakhs (March 31st, 2019: ₹ 12,17,700.53 lakhs).

During the year ended on March 31st, 2020, the fair value of financial assets accepted as collateral that had been sold was ₹ 36,853.43 lakhs (Year ended on March 31st, 2019: ₹ 6,836.43 lakhs). The Company adjusts the sales Proceed from carrying amount of loan and is not obliged to return equivalent securities.

36.5.2.4. AMOUNTS ARISING FROM ECL

The company uses the Expected Credit Loss Model to assess impairment loss or gain.

36.5.2.4.1. INPUTS, ASSUMPTIONS AND TECHNIQUES USED FOR ESTIMATING IMPAIRMENT ON LOANS

Inputs considered in the ECL model:

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk since initial recognition on an ongoing basis at each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition.

When determining whether the risk of default on a financial instrument has increased significantly since initial recognition, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on the Company's historical experience, credit assessment and including forward looking information.

loans are categorized into three stages based on the risk profiles. The three stages reflect the general pattern of credit deterioration of a financial instrument.

The company categorises loan assets into stages based on the days past due status.

- Current	- Stage 1
- 0-30 days past due	- Stage 1
- 31- 60 days past due	- Stage 2
- 61- 90 days past due	- Stage 2
- More than 90 days past due	- Stage 3

The three stages reflect the general pattern of credit deterioration of a financial instrument.

Further, company considers following additional factors to determine significant increase in credit risk since initial recognition:

- 2 notch downgrade in Internal rating (wherever available) since initial recognition of loan
- 2 notch downgrade in external rating (wherever available) since initial recognition of loan
- management judgement of of significant increase in credit risk based on the internal assessment.

Company does not move Loan from higher stage to lower stage immediately after payment of overdue amount and applies following cooling off period for upgradation:

From Stage 2 to Stage 1

- Instrument should continue in lower than 30 dpd for at least six months

From Stage 3 to Stage 2

- Instrument should continue in lower than 90 dpd for at least six months or
- Moves to Zero dpd

Assumption considered in the ECL model:

- "Probability of default" (PD) is defined as the probability of whether the borrowers will default on their obligations in the future.
- "Exposure at default" (EAD) represents the expected exposure in the event of a default and is the gross carrying amount in case of the financial assets held by the Company.
- "Loss given default" (LGD) is an estimate of loss from a transaction given that a default occurs.

Schedules

Notes to the Standalone Financial Statements for the year ended 31st March, 2020

The Company provides for Expected Credit Losses based on the following:

Category - Description	Basis for recognition of ECL
1. Stage 1 - Standard (Performing) Asset -	12 month PD
2. Stage 2 - Significant Credit Deteriorated Asset -	Life time PD
3. Stage 3- Default (Credit Impaired) Asset -	100% PD

Forward looking information:

The Company incorporates forward looking information into both assessment of whether the credit risk of an instrument has increased significantly since its initial recognition and its measurement of ECL. Based on the consideration of a variety of external actual and forecast information, the Company forms a 'base case' view of the future direction of relevant economic variables such as real GDP, lending rate, private consumption, domestic demand, real estate price movement, real estate unsold inventory and money supply. This process involves developing two or more additional economic scenarios and considering the relative probabilities of each outcome. The base case represents a most likely outcome while the other scenarios represent more optimistic and more pessimistic outcomes.

Assessment of significant increase in credit risk:

The credit risk on a financial asset of the Company are assumed to have increased significantly since initial recognition when contractual payments are more than 30 days past due. Accordingly the financial assets shall be classified as Stage 2, if on the reporting date, it has been more than 30 days past due.

Credit Impaired:

A default on a financial asset is when the counterparty fails to make the contractual payments within 90 days from the day it is due. Accordingly the financial assets shall be classified as Stage 3, if on the reporting date, it has been 90 days past due.

Policy for write-off of Financial assets

Financial assets are written off either partially or in their entirety when there is no realistic prospect of recovery. This is generally the case when the Company determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts.

36.5.2.4.2. GROSS CARRYING VALUE

The following table shows reconciliations from the opening to the closing balance of the Gross Carrying value

Loans

(Amount in lakhs)

Particulars	12-month ECL	Lifetime ECL not credit-impaired	Lifetime ECL credit-impaired	Total

Covid-19 Impact

In accordance with the board approved moratorium policy read with the Reserve Bank of India (RBI) guidelines dated March 27, 2020 and April 17, 2020 relating to 'COVID-19 - Regulatory Package', the Company has granted moratorium upto three months on the payment of installments falling due between March 1, 2020 and May 31, 2020 to all eligible borrowers. In respect of accounts where moratorium benefit has been granted, days past due (DPD) status of those accounts as at 31 March 2020 is based on the days past due status as on 29 February 2020.

The granting of moratorium does not result in accounts becoming past due and automatically triggering forward movement to Stage 2 or Stage 3. However Company has assessed such accounts based on qualitative factors and wherever Company assessed, there may have been significant increase in credit Risk, financial assets have been classified to Stage II and accordingly impairment allowance for lifetime expected loss is provided.

Schedules

Notes to the Standalone Financial Statements for the year ended 31st March, 2020

The following table sets out the information about the credit quality of Trade Receivables and other financial assets.

(Amount in lakhs)

Impairment loss allowance	(40.70)	(13.37)
Carrying amount	160,926.31	50,938.79

36.5.3. LIQUIDITY RISK

Liquidity risk is the risk that the Company is unable to meet its financial obligations when they fall due without adversely affecting its financial condition. Liquidity risk arises because of mismatches in the timing of the cash flows.

Asset Liability Management Committee (ALCO) of the Company defines its liquidity risk management strategy and sets the overall policy and risk tolerances. For further details on the Company's strategy to mitigate liquidity risk Refer Note 36.5.1.

Maturity Profile of Financial Liabilities

For financial liabilities the amounts are gross and undiscounted, and include estimated interest payments and exclude the impact of netting agreements. For financial assets, only carrying values (excluding any provision for impairment loss) as on the reporting date are considered.

36.5.4. INTEREST RATE RISK

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing instruments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating rate bearing instruments will fluctuate because of fluctuations in the interest rates.

Exposure to interest rate risk

Company's interest rate risk arises from borrowings. The interest rate profile of the Company's interest bearing financial instruments as reported to the management of the Company is as follows.

(Amount in lakhs)

	31 st March, 2020	31 st March, 2019
Fixed-rate instruments		
Financial assets	382,773.60	542,697.59
Financial liabilities	(541,533.92)	(841,900.41)
Variable-rate instruments		
Financial assets	377,673.68	455,621.78
Financial liabilities	(48,845.10)	(25,942.63)
Rate Insensitive	9,184.14	26,980.89
Total Net	179,252.40	157,457.22

Fair value sensitivity analysis for fixed-rate instruments

The Company does not account for any fixed-rate financial assets or financial liabilities at fair value through profit or loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

Schedules

Notes to the Standalone Financial Statements for the year ended 31st March, 2020

Cash flow sensitivity analysis for variable-rate instruments

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased (decreased) profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency exchange rates, remain constant.

(Amount in lakhs)

Particulars	As at 31 st March, 2020		As at 31 st March, 2019	
	100 bp increase	100 bp decrease	100 bp increase	100 bp decrease
Variable rate instruments (net)	3,288.29	(3,288.29)	4,296.79	(4,296.79)
Cash Flow Sensitivity	3,288.29	(3,288.29)	4,296.79	(4,296.79)

The risk estimates provided assume a parallel shift of 100 basis points interest rate across all yield curves. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The period end balances are not necessarily representative of the average debt outstanding during the period.

36.5.5. THE FOLLOWING TABLE PRESENTS THE RECOGNISED FINANCIAL INSTRUMENTS AND OTHER SIMILAR AGREEMENTS THAT CAN BE OFFSET BUT ARE NOT OFFSET

The column 'maximum exposure' shows the impact on the Company's balance sheet if all set-off rights are exercised.

(Amount in lakhs)

Particulars	Effect of offsetting on the balance sheet				
	Gross amounts	Gross amounts set off in the balance sheet	Net amounts presented in the balance sheet	Netting potential not recognised on the balance sheet - Financial collaterals obtained ¹	Maximum exposure
March 31, 2020					
Loans and advances					
Loans against securities and structured products	94,564.17	-	94,564.17	(93,553.36)	1,010.81
Margin funding	54,934.73	-	54,934.73	(53,768.95)	1,165.78
	149,498.90	-	149,498.90	(147,322.31)	2,176.59
March 31, 2019					
Loans and advances					
Loans against securities and structured products	327,377.69	-	327,377.69	(327,377.69)	-
Margin funding	117,696.86	-	117,696.86	(116,326.19)	1,370.67
	445,074.55	-	445,074.55	(443,703.88)	1,370.67

¹Company obtains financial collateral from its borrowers towards, loans advanced as Loans against securities(LAS) and Margin funding portfolio. Fair value of the financial collateral obtained is more than the underlying loans exposure. Accordingly, amounts have been capped to the extent it does not exceed the net amount of financial assets presented on the balance sheet.

36.5.6. MARKET RISK

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates and equity prices – will affect the Company's income or the value of its holdings of financial instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables and payables and long term debt. The Company is exposed to market risk which primarily includes risk of change in market value of investments. Thus, exposure to market risk is a function of investing and borrowing activities and revenue generating and operating activities. Objective of Market risk management is to minimize impact of change in Market value of lending/investments.

36.5.7. CURRENCY RISK

Company's operating currency is Indian Rupee only and not exposed to Foreign currency risk.

Schedules

Notes to the Standalone Financial Statements for the year ended 31st March, 2020

NOTE 37 EMPLOYEE BENEFITS

A. The Company contributes to the following post-employment defined contribution and benefit plans in India.

(i) Defined Contribution Plans:

In accordance with Indian regulations, employees of the Company are entitled to receive benefits under the provident fund, a defined contribution plan, in which, both the employee and the Company contribute monthly at a determined rate. These contributions are made to a recognised provident fund and administered by a Board of Trustees. The employee contributes 12% of his or her basic salary and the Company contributes an equal amount. The Company recognized Rs. 115.01 lakhs (Previous year Rs. 111.99 lakhs) for Provident Fund contribution in the Statement of Profit and Loss.

(ii) Defined Benefit Plan:

The Company offers the following employee benefit schemes to its employees:

In accordance with Payment of Gratuity Act, the Company provides for gratuity, a defined benefit retirement plan covering all employees. The plan provides a lump sum payment to vested employees at retirement or termination of employment based on the respective employee's salary and the years of employment with the Company subject to maximum of Rs. 20 lakhs. (Previous Year Rs. 20 lakhs).

The gratuity benefit is provided through unfunded plan and annual contributions are charged to the statement of profit and loss. Under the scheme, the settlement obligation remains with the Company. Company accounts for the liability for future gratuity benefits based on an actuarial valuation. The net present value of the Company's obligation towards the same is actuarially determined based on the projected unit credit method as at the Balance Sheet date.

Based on the actuarial valuation obtained in this respect, the following table sets out the status of the gratuity plan and the amounts recognised in the Company's financial statements as at balance sheet date:

(Amount in lakhs)			
	Note	As at March 31 st , 2020	As at March 31 st , 2019
Net defined benefit liability	17 (i)	261.30	204.76
Total employee benefit liabilities		261.30	204.76

B. Movement in net defined benefit (asset) liability

The following table shows a reconciliation from the opening balances to the closing balances for net defined benefit (asset) liability and its components

E. Defined benefit obligations

i. Actuarial assumptions

The following are the principal actuarial assumptions at the reporting date (expressed as weighted averages)

	As at 31 st March, 2020	As at 31 st March, 2019
Discount rate	6.40%	7.15%
Salary escalation rate	0.00% until year 1 inclusive, then 7.00%	7.00%
Mortality rate Age (Years)	Rates (p.a.)	Rates (p.a.)
18	0.09%	0.09%
23	0.09%	0.09%
28	0.09%	0.09%
33	0.11%	0.11%
38	0.15%	0.15%
43	0.21%	0.21%
48	0.35%	0.35%
53	0.62%	0.62%
58	0.97%	0.97%

Assumptions regarding future mortality have been based on published statistics and mortality tables.

ii. Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

(Amount in lakhs)

	As at 31 st March, 2020		As at 31 st March, 2019	
	Increase	Decrease	Increase	Decrease
Discount rate (0.5% movement)	253.05	270.07	198.33	211.57
Future salary growth (0.5% movement)	266.45	256.31	208.57	201.02

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

F. Experience Adjustments

(Amount in lakhs)

Particulars	Gratuity					
	Year ended 31 st March					
	2020	2019	2018	2017	2016	2015
Defined benefit obligation	261.30	204.76	178.43	145.79	142.74	137.48
Plan assets	-	-	-	-	-	-
Surplus / (deficit)	261.30	204.76	178.43	145.79	142.74	137.48
Experience adjustments on plan liabilities	18.88	9.18	18.41	4.94	(3.45)	8.22
Experience adjustments on plan assets	-	-	-	-	-	-

Schedules

Notes to the Standalone Financial Statements for the year ended 31st March, 2020

G. Accumulated Compensated Absences

The Company provides for accumulated compensated absences as at the balance sheet date on the basis of an actuarial valuation. The Company recognized Rs.-24.33 lakhs (Previous year. Rs. 25.21 lakhs) for Compensated Absences in the Statement of Profit and Loss.

H. Long Service Award

The Company provides for long service awards as at the balance sheet date on the basis of an actuarial valuation using the projected unit credit method conducted by actuary of Life Insurance of its fellow subsidiary.

NOTE 38 SHARE-BASED PAYMENT ARRANGEMENTS:

A. Description of share-based payment arrangements

i. Share option plans (equity-settled)

At the General Meetings of the holding company, Kotak Mahindra Bank Limited, ("the Bank"), the shareholders of the Bank had unanimously passed Special Resolutions on 5th July, 2007, 21st August, 2007 and 29th June, 2015, to grant options to the eligible employees of the Bank and its subsidiaries and associate companies. Pursuant to these resolutions, the following Employees Stock Option Schemes had been formulated and adopted:

- Kotak Mahindra Equity Option Scheme 2007; and
- Kotak Mahindra Equity Option Scheme 2015

Further, pursuant to the Scheme of Amalgamation of ING Vysya Bank (IVBL) with the Bank, the Bank has renamed and adopted the ESOP Schemes of the erstwhile IVBL, as given below:

- Kotak Mahindra Bank Ltd. (IVBL) Employees Stock Option Scheme 2007
- Kotak Mahindra Bank Ltd. (IVBL) Employee Stock Option Scheme 2010; and
- Kotak Mahindra Bank Ltd. (IVBL) Employees Stock Option Scheme 2013

The fair value of the option is determined using a Black-Scholes options pricing model. During the year, 131.19 lakhs (March 31, 2018: 119.93 lakhs) was charged to the Company's statement of profit or loss in respect of equity-settled share-based payments transactions with a corresponding increase being made to the capital contribution to the Company by the Parent.

Consequent to the above, the Bank has granted stock options to employees of the Company.

B. Measurement of fair values

i. Equity-settled share-based payment arrangements

The fair value of the employee share options has been measured using the Black-Scholes formula. Service and non-market performance conditions attached to the arrangements were not taken into account in measuring fair value.

As at 31st March, 2020

Scheme	Grant Date	Vesting period	Exercise period	Expected life (Years)	Exercise Price (₹)	Market price (₹)	Risk free rate	Annual Dividend yield	Volatility	Fair value per share options (₹)

The following table lists the average inputs to the models used for the plans for the year ended 31st March, 2020.

Particulars	Description of the inputs used
Expected volatility (weighted-average)	Expected volatility of the option is based on historical volatility, during a period equivalent to the option life, of the observed market prices of Kotak Mahindra Bank Limited's publicly traded equity shares.
Expected dividends	Dividend yield of the options is based on recent dividend activity.
Risk-free interest rate (based on government bonds)	Risk-free interest rates are based on the government securities yield in effect at the time of the grant.

The following table lists the average inputs to the models used for the plans for the year ended 31st March, 2020.

Particulars	Description of the inputs used
Expected volatility (weighted-average)	Expected volatility of the option is based on historical volatility, during a period equivalent to the option life, of the observed market prices of Kotak Mahindra Bank Limited's publicly traded equity shares.
Expected dividends	Dividend yield of the options is based on recent dividend activity.
Risk-free interest rate (based on government bonds)	Risk-free interest rates are based on the government securities yield in effect at the time of the grant.

Reconciliation of Stock Appreciation Rights (cash-settled)

Note 39 Capital Disclosure

The primary objectives of the capital management policy is to ensure that the Company continuously complies with capital requirements required by regulator, maintains strong credit ratings and healthy capital ratios in order to support its business and to maximise shareholder value.

The Company manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. In order to fund growth or comply with regulatory capital requirement, Company depends on internal accrual or may raise additional capital. Company may adjust the amount of dividend payment to shareholders, return capital to shareholders.

No changes have been made to the objectives, policies and processes from the previous years, however the same is constantly reviewed by the Board.

For Capital-to-Risk Weighted Assets (CRAR) as required by Regulator- Refer Note 48.01

Schedules

Schedules

Notes to the Standalone Financial Statements for the year ended 31st March, 2020

NOTE 41 LITIGATION

The Company does not have any pending litigations as at March 31st, 2020 and March 31st, 2019 which would impact its financial position.

NOTE 42 SEGMENT REPORTING

An operating segment is a component of the Group that engages in business activities from which it may earn revenue and incur expenses, including revenues and expenses that relate to transactions with any of the Company's other components, and for which discrete financial information is available.

All operating segments' results are regularly reviewed by the Board of Directors, which have been identified as the Chief Operating Decision Maker ('CODM') of the Group inter-Company revenues and expenses, for which discrete financial information is available. The Board of Directors, which have been identified as the CODM, regularly review the performance reports and make decisions about allocation of resources.

The Company has identified following reportable segments, performance reports of which is regularly reviewed by the Board of Directors.

- Loan against Securities and Structured Products
- Commercial Real Estate
- Margin Funding
- Treasury and Other Investments

3	Other Short Term Liabilities	15%	8%	6%

49.06. Institutional set-up for liquidity risk management

Asset Liability Management Committee (ALCO) of the Company defines its liquidity risk management strategy and sets the overall policy and risk tolerances.

In order to manage/mitigate liquidity risk, in addition to regulatory limits on liquidity gaps, the Company has also defined prudential internal limit for Liquidity Gap tolerance for its time bucket which is approved by the ALCO.

Treasury is responsible for managing liquidity under the liquidity risk management framework as approved by the ALCO.

Liquidity risk management strategies and practices are reviewed to align with changes to the external environment, including regulatory changes, business conditions and market developments. Actual and anticipated cash flows generated are monitored to ensure compliance with limits.
